Miller: Water not our job

Attempts by Lake County to shift the patrolling of the Chain O'Lakes and the Fox River to local municipalities are not

being understood by Antioch Police Chief Charles Miller.

"How do they expect us to patrol

waterways that do not come under our legal jurisdiction?"

Miller said that there is a small area on Lake Marie, where about one dozen homes are located on the lake that fall into Antioch's corporate jurisdiction.

"Of course we always cooperate as far as the mutual aid pact is concerned and will cover something if requested by other authorities. We can take care of anything we see happening on piers or obvious reckless boating near shore when we are standing on land in our jurisdiction," adds Miller.

None of the Fox River comes under the jurisdiction of the Antioch Police Dept. now. The Antioch police also do not have a boat of any kind although the Antioch Fire Dept. does have a dive boat.

According to Lt. Ralph Connard, head of the Lake County Sheriff's marine patrol, the county spent \$142,000 patrolling the Chain last year. Of that amount, \$15,000 was contributed by the Chain O'Lakes/Fox River Water Management Agency, which is non-tax supported, relying solely on user fees.

The sheriff's water patrol has five patrol boats and is manned mostly by part-time volunteers who have received specialty training, but technically are not deputies.

The idea of approaching Antioch and

other towns on the waterway came from County Admin. Dwight Magalis. McHenry County patrols the small portion of the Chain system in McHenry County and the Illinois Dept. of Conservation has patrols on local lakes. State personnel, however, mostly are engaged in fishing rule enforcement.

State's Atty. Fred Foreman reported state liability law supports involvement of municipalities in providing police protection on the waterways.

Aggressive patrolling by the sheriff was credited with helping make 1988 only the second year on record without a boating fatality on the Chain. Water patrol personnel issued 821 citations last year.

The Chain system in northern Illinois is getting so crowded with boats that the Army Corps of Engineers is recommending that the number of marina boat slips be regulated.

McHenry County officials, alarmed at marina development on the lower Fox, are in support of regulation, according to Thomas Slowinski, chief of the Corps' regulatory functions.

Teachers come and go at Grade School Dist. 34

by GLORIA DAVIS
Lakeland Newspapers

Three teachers in the Antioch Dist. 34 school system have tendered their resignations to the school board which accepted them.

Dave Ragowski, Antioch Upper Grade, will be a junior high assistant principal in Cary Grove.

Janice Brandes, Antioch Lower Grade, will remain home with her baby and Cathy Goodwin, Antioch Upper Grade, will be relocating with her husband.

The school board also issued a teaching contract to Sandra Eckerty to teach at Antioch Upper Grade at a salary of \$19,982.

Eckerty is a graduate of the University of Illinois with a strong math major.

The board approved another teaching contract for Judith LaPlante, to teach at W. C. Petty at a salary of \$19,982.

LaPlante, after raising her family, went

back to college at Western Ill. University and earned her degree.

Gayle Volling, Antioch native, head cook at Antioch Upper Grade for over nine years, died on Tuesday evening.

The school board, the district's administration, the school staff and the students send condolences to the family.

In other business, the board: — approved renewing the district's memberships in the Ill. Assn. of School Boards and the Ill. Assn. for Local Control of Schools.

— the board also approved advertising for bids for gas, food and milk for the 1989-90 school year.

— is looking into radon testing recommended by the Ill. Environmental Protection Agency. "Testing should be done in closed buildings, therefore, any such testing will have to wait until bad weather in fall or winter.

Crowded start

RV, Auto, Boat Show June 16

The Antioch Chamber of Commerce's annual RV, Auto and Boat Show is scheduled to start Friday at 4 p.m. and run until 9 p.m.

The show will also be on Saturday, from 11 a.m. to 8 p.m. and on Sunday, from 11 a.m. to 4:30 p.m.

The displays by recreational vehicle dealers, car and boat dealers and also vehicle accessories can be seen in the east parking lot of Antioch High School.

LCHA gives seniors air

The senior citizens living in Orchard Manor should have an airier and cooler environment now that Mayor Robert Wilton and Building Insp. Chick Carstensen have received commitments from the Lake County Housing Authority to install crank-out windows in the second and third floor hallways, on both sides of the building.

The seniors had appeared in front of the village board complaining that, with no windows to open in the halls, temperatures were reaching over 100 degrees in the summer.

Healthwatch

A quick look at
Health Programs
available in Lake County

Back school

A two-session program offered by the Dept. of Physical Medicine/Therapy at Condell Memorial Hospital will be held Tuesday, June 20, and Wednesday, June 21. Both sessions begin at 7 p.m., and are designed to help people prevent and manage back problems. Call (312)362-2900, ext. 5350, for registration information.

Alcohol/drug classes

Victory Hospital's chemical dependency program, working in coordination with the Carthage College Office of Continuing Education, is hosting summer classes at the hospital, 1324 N. Sheridan Rd., Waukegan. The classes are of interest to those working in the helping professions. Undergraduate and graduate credits can be earned, as well as Category I continuing education credits granted through the Illinois Alcoholism Counselor Certification Board. Prospective students may contact the Carthage College Office of Continuing Education at (414)551-8500 between 8 a.m. and 4 p.m. Monday through Friday for further information and to register for these classes.

'Stepping out'

A mother and baby exercise class is held by the Dept. of Physical Medicine/Therapy of Condell Memorial Hospital every Monday and Thursday for six weeks at the Family Health Center, Hawthorn, Six Phillip Rd., Vernon Hills. Held from 10 to 11 a.m., the program is designed for babies four to nine months of age and their mothers. For registration and fee information, call (312)680-1092.

Liberty Road and Track Club

A group for runners, joggers and walkers meets at 7:30 p.m. in the club room at the Centre Club, 200 West Golf Rd., Libertyville, on Wednesday, June 21. Sponsored by the Medical Center of Lake County, this group is open to the public.

Polio Network of Illinois

A Lake County support group for people suffering from the late effects of poliomyelitis, Polio Network of Illinois meetings at 7 p.m. on Wednesday, June 21, in the dining room of Condell Memorial Hospital, Libertyville. Open to the public.

Early pregnancy class

An early pregnancy class will be presented for couples who are planning a pregnancy or who have just learned that they are expecting a baby. The class will be held at 7 p.m. at the Family Health Center, Hawthorn, Six Phillip Rd., Vernon Hills on Thursday, June 22. No fee, but registration is required. Call the Dept. of Public Relations and Marketing, Condell Memorial Hospital, (312)362-2900, ext. 5275.

Widowed outreach

Widowed Outreach Network meeting, for the individual coping with the recent loss of a spouse, will be held at 2 p.m. on Sunday, June 25, in the dining room of Condell Memorial Hospital, 900 Garfield Ave., Libertyville. The public is invited.

Anesthesia for delivery class

Anesthesia for labor and delivery class provides expectant mothers with information about the choices available to them, and answers questions they may have about anesthesia. Meets at Good Shepherd Hospital, 450 W. Hwy. 22, Barrington, from 9 to 10 a.m. on June 17. The class is free of charge; call (312)381-3341 to register.

Basic child care

Class teaches parents what to expect and how to take care of the baby from newborn through the first year. Sessions are scheduled at the Good Shepherd Hospital, 450 W. Hwy. 22, Barrington, from 10 a.m. to noon on June 17, and from 7:30 to 9:30 p.m. on June 26 and 28. Call (312)381-3341 to register.

Caring Kids' Class

Prepares brothers- and sisters-to-be for the newborn's arrival. Meets at Good Shepherd Hospital, 450 W. Hwy. 22, Barrington, from 9:15 to 11 a.m. on Saturday, June 17, for 3- to 5-year-olds; 11 a.m. to 12:30 p.m. 6- to 12-year-olds. \$5 per family. Call (312)381-3341 to register.

Lamaze refresher series

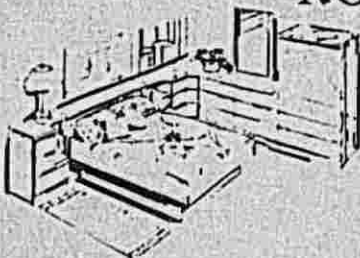

This two-class series is offered from 7:30 to 10 p.m. June 22 and 29 at Good Shepherd Hospital, 450 W. Hwy. 22, Barrington, for couples who took previous Lamaze classes with certified instructors. Fee is \$30. Call (312)381-341 to register.

Seniorgise

An exercise program designed for seniors ages 60 and older meets from 10 to 11 a.m. on Tuesdays and Thursdays at Good Shepherd Hospital, 450 W. Hwy. 22, Barrington. Doctor's referral is required; fee is \$15 for six-week session. Call (312)381-9600, ext. 5215, for more information and to register.

EYE CARE

News, Views & Questions About Your Eyes

By
Robert L. Epstein, M.D., Director
Illinois Center for Corrective Eye Surgery

QUESTION: Would you please explain to me what a cataract actually is?

ANSWER: A cataract is a clouding of the normally clear lens of the eye. This clouding, a natural aging of the lens in most cases, prevents light from passing through the lens to the back of the eye, or retina. Much like the lens of your camera focuses light on the film, the lens of your eye focuses light on the retina. If the front of your camera's lens becomes dirty or fogged, then the picture taken will be hazy or blurred.

VICTORY. TECHNOLOGY THAT GETS TO THE HEART OF THE MATTER.

CARDIAC CATHETERIZATION. A CLOSE-UP LOOK AT WHAT'S INSIDE YOUR HEART. As part of Victory's ongoing commitment to quality healthcare, we're teaming up with the cardiac experts at St. Luke's Hospital in Milwaukee to offer you the most advanced diagnostic technology in cardiac care - Cardiac Catheterization.

A brilliant innovation that can almost see a heart problem coming. Cardiac Cath is an inside look at what's really ticking in your heart. For patients with suspected heart disease, Cardiac Cath is a way to look inside the heart and see blockages of blood vessels and other abnormalities. This information then allows your cardiologist to diagnose your heart problems and recommend the best methods of treatment.

Highly acclaimed, board certified St. Luke's car-

diologists, supported by Victory's cardiac nurses and technicians, will perform the procedure on site. This assures you of nationally renowned cardiac care plus the comfort, assurance and convenience of staying in your community hospital, under the care of your own physician.

The only hospital in Northern Lake County to offer this state-of-the-art procedure, Victory gets to the heart of your cardiac problems.

CARDIAC REHABILITATION. THE ROAD BACK TO GOOD HEALTH. This medically supervised program helps people with heart disease to live healthier, more productive lives. The individualized programs provide progressive physical activities for cardiac patients and

education about cardiac health to patients, their families and the community.

WELLNESS PROGRAM: OUR COMMITMENT TO PREVENTIVE CARDIAC CARE. From smoking cessation to nutrition counseling to stress management to CPR, our wellness programs promote health and fitness through analysis and education. These programs are just one more way Victory provides you with a healthy dose of preventive medicine.

For more information on our comprehensive cardiac programs, and other Victory Memorial Hospital programs, call 360-4246.

Growing old is no reason to stop growing.

Someday, you may need special care for an elderly person you love. That's when you'll be glad you know about Hillcrest Retirement Village.

Hillcrest is an intermediate care nursing center. But more important, we're a group of people who care enough to respond to other needs as well. Needs for compassion. Companionship. And Comfort. We offer therapy for the mind as well as the body. With activities that challenge both. From continuing education classes to daily exercise classes to arts, music and crafts.

We believe the most important part of elderly care is caring.

It's not the warm, relaxed surroundings that make Hillcrest so special. It's the attitude that flourishes in such a pleasant atmosphere.

For a detailed brochure, write Hillcrest Retirement Village (an Intermediate Care Nursing Center), at 1740 N. Circuit Drive, Round Lake Beach, Illinois 60073. Or call Ruth Lange at (312) 546-5301. It's a decision you would feel good about.

Fox Lake trustees cautious about super sanitary district

Members of the Fox Lake council are being supportive but cautious about proposals to form a super sanitary district for northwest Lake County.

The proposed district, replacing a system of intergovernmental agreements, already has been advanced in proposed legislation by State Rep. Robert Churchill (R-Lake Villa).

Since Churchill offered legislation drafted by Atty. Rudy Magna Jr., representing the inoperative Round Lake Sanitary Dist., the Illinois Assn. of Sanitary Districts, has stepped in with an offer to assist in bringing all participating units together.

That would result in tying in the Lake County Public Works Dept., Village of Fox Lake, Round Lake Sanitary Dist., Lakes Region Sanitary Dist., and municipalities in the Round Lake area, Lake Villa and Antioch into a single district charged with the responsibility of collecting and treating sewage from the entire northwest corner of Lake County.

Right now, the Village of Fox Lake owns and operates the treatment works that uses the Fox Lake as an outfall for effluent.

Trustee Rich Bayne, Fox Lake sewer and water chairman, informed council members that "we might have to give up ownership of the plant." At the same time, he added, "But we don't own much with all the state requirements and red tape."

In addition, Bayne, who represents Fox Lake on the Northwest Sewer Advisory Committee chaired by Dist. 4 County Board Rep. Suzi Schmidt, informed Fox Lake officials that a super district "could be formed without us."

Members of the advisory group are working with John Olson of Rockford, representing the IASD, to draft model legislation that would surmount legal obstacles and overcome local objections.

"If it's not good for the taxpayers of Fox Lake we don't want to be a part."—Fox Lake Mayor Frank Meier

Mayor Frank Meier of Fox Lake responded carefully to a board report by Bayne, "If it's not good for the taxpayers of Fox Lake we don't want to be a part."

Trustee Kenneth Hamsher advised, "We don't want to be swallowed up by a larger group."

A major concern of Fox Lake officials is modernization of the plant to eliminate obnoxious odors that have bothered neighbors for a number of years.

Bayne observed that he senses Fox Lake officials want to be kept abreast of development to form the super district while keeping their options open.

Chung, Hattendorf win Lakeland-Coke tournaments

While Michael Chang was winning the French Open in Paris, a Chung was winning another tennis tournament.

Nancy Chung captured first-place honors in the Coke-Lakeland Newspapers tennis tournament by defeating Lisa Ree.

With the win in meet hosted by Vernon Hills Park Dist., Chung automatically qualifies for Aug. 11-13 championship at Round Lake. With her second place finish, Ree

garnered two points.

In the men's division, the Hattendorf family kept the title a family matter as Steve Hattendorf downed Stu Short. Gary Hattendorf had defeated brother Steve the week before in Grayslake.

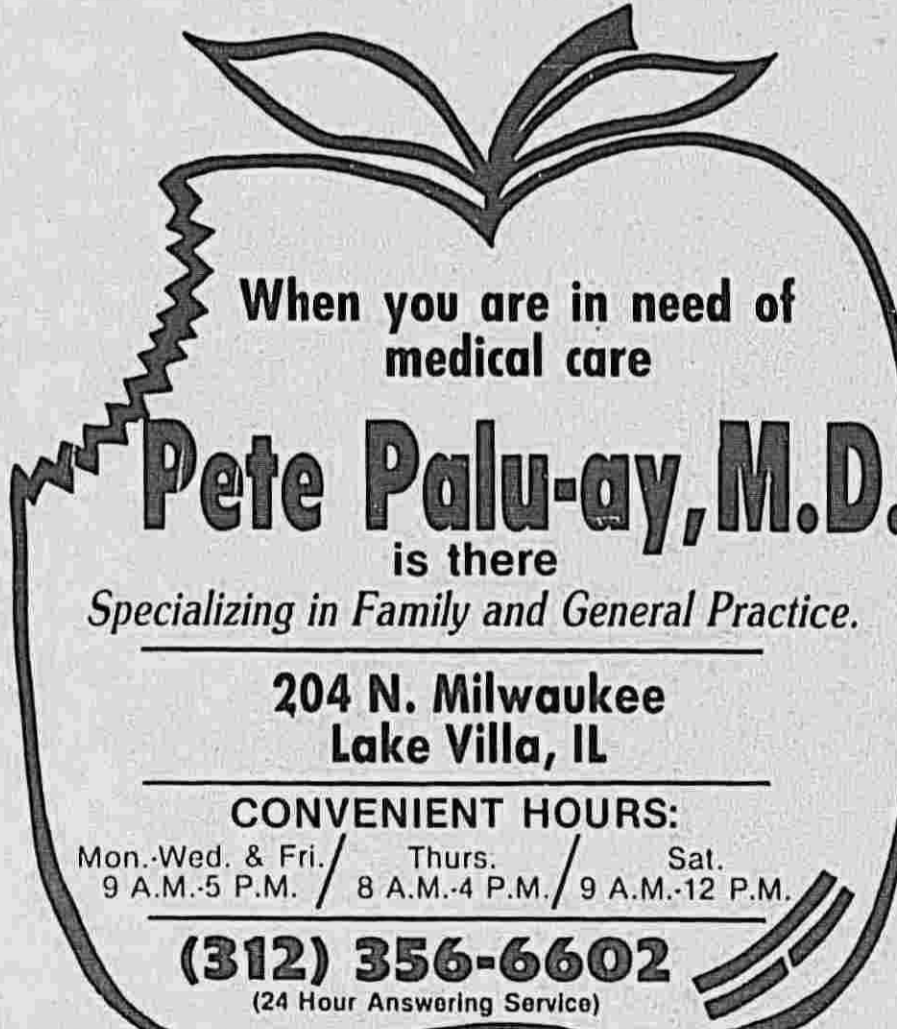

Earning points in the men's division were: Hugues Chassagne, two points and one point was earned by Tom Westburg, Joe Sanchez and Nico Brekelmans.

Lindenhurst will host the

next meet June 9-11 at Forest View Park. The meet will be open for anyone ages 17 and over. For more information, call (312) 356-6011.

After Lindenhurst, the remaining hosts for the tournament will be: July 23-25, Libertyville (312) 362-7490; July 7-9 Zion (312) 746-5500; July 13-16 Waukegan (312) 662-0166; July 21-23 Mundelein (312) 566-5650; July 28-30 Round Lake (312) 346-8558 and Aug. 4-6 Warren Twp. (312) 244-101.

Museum fetes 4th, holds sale

The Lakes Region Historical Society will be holding its annual traditional Fourth of July Open House.

The society's used book sale is slated for Saturday, July 8 and Sunday, July 9, from 10:30 a.m. to 5 p.m. at the Lakes Region Historical Museum on the corner of Rte. 83 and Depot St., in Antioch.

Those who attend the open house, to be held on the holiday itself, from 10 a.m. to 4 p.m., will find the museum filled with summertime displays.

Punch and cookies will be served.

The historical society hopes to complete the restoration that has turned Antioch's old grade school into a museum, before the building's centennial.

4 of 5 graduate

Mr. and Mrs. George Keim of Antioch, celebrated the graduations of four of their five children (other son Mathew graduated from Bradley University in 1985.) at a picnic with family and friends. In May and June, daughter Karen graduated from Elmhurst College, son Peter graduated from Northern Ill. University at DeKalb; son Joseph graduated from the University of Illinois and son James graduated from Antioch High School.

Faith Lutheran Confirmation

Confirmed during Rite of Confirmation at Faith Evangelical Lutheran Church are, in back row, from left, Kimberly Geyer, Heather Nicpon, Craig Zimmerman, Pastor Greg Hermanson, Pastor Darald Gruen, Glen Goodson, Jennifer Kolb and Brian

Doebler. In front row, from left are, Samuel Porstner, Aaron Warning, Kevin Purnell, Susan Ladewig, Andrew Hallgren, Andrew Perkins, Bryan MacNaught, Joshua Young and Reneta Knutsen.

Community Bible Church buys 40 acres buildable

The members of the Chain O'Lakes Community Bible Church voted unanimously to purchase 40-acre parcel of land in Lake Villa Twp. on June 11, at a

business meeting after its morning worship service.

The church's future home is on the border of Antioch and Lake Villa Twps.,

on the south side of Grass Lake Rd., just east of Rte. 83.

The church is an independent, non-denominational Bible church. Its pastor, Rev. Donald W. Sweeting, describes the church as an evangelical church, well within the mainstream of historic Christian orthodoxy.

"Our members," he says, "come from various denominational backgrounds. The common denominator binding them together is a love for Christ, a desire to spread His good news, and a hunger to learn the Scriptures," Sweeting said.

The church was founded in 1985. Its first meetings were held at Camp Moyoca in Antioch. When the church outgrew those facilities, it moved to the Antioch VFW hall, where it has been meeting for the last two and a half years. While its worship services are held in Antioch, its

offices are in Lake Villa. While the church has not yet finalized building plans, building committee chairman Cregg Wennstrom of Antioch informed the congregation that construction could possibly begin as early as fall of this year.

Wehn asked what will the church do with that much land, Sweeting replied, "That remains to be seen. Our area is growing and we intend to be a vital center for worship, ministry, fellowship and missions to meet the future needs of our community."

We wanted to give the Lord a flexible base from which He can do his work," Sweeting added.

Sweeting was ordained in 1986 as a congregationalist minister at Christ Church of Lake Forest. He is a graduate of the Moody Bible Institute, Lawrence Univ. in Wis., and Oxford Univ. in England.

20-year road plan ready Funding could pose problems

by KIM BOLTON
LAKELAND NEWSPAPERS

If funding becomes available within the next 20 years, Lake County has plans to widen most of the major arterial roads in the area of Antioch Twp.

But, according to the Village of Lindenhurst Engineer John Heinz, it's a pretty bit 'if.'

"I would imagine that they're not going to be able to afford (to do all the work planned)," Heinz said.

Heinz represents the Chain 'O' Lakes Conglomeration of Mayor's on the Lake County Transportation Study Board. He presented the 20-year plan to Lindenhurst's Village Board Monday night.

In the Antioch/Lake Villa Twp. area, Lake County would like to widen Rte. 83 from Rte. 173 to Petite Lake Rd., and from Rte. 132 to Rte. 120, from two to four lanes. The plan also calls for the connection of Golden Rd. with Deep Lake Rd. and Rte. 83.

On Rte. 45, the county would like to widen the entire length of the road from Rte. 173 all the way down to Rte. 60.

Grand Ave. plans include widening from four to six lanes the stretch from Rte. 45

to I-94, and placing right and left turn lanes in front of Linden Plaza.

Some of the other plans include: widening Fairfield Rd. from Rollins Rd. south, from two to four lanes; widening Rte. 59 to where it connects with Rte. 12; from two to four lanes; widening Rte. 12; and widening Rte. 120 to four lanes around Grayslake.

The extension of Rte. 53 was not on the planning map presented by Heinz because the county board members were not in favor of the plan at the time the map was drawn.

Heinz stressed that financing will be a problem for the county and that it must be obtained before any work can begin. He said the county will be favoring a Motor Fuels Tax hike to fund the road work and will be appealing to municipalities to favor the increase.

Once funding is obtained, the county must adopt the plan and then move into the schedule based on today's traffic problems.

A map of the proposed road plan is available for public inspection at the Lindenhurst Village Hall.

Truck roll-over

Lt. Tom Fisher of the Antioch Police Dept. examines truck that rolled over while traveling south on Tiffany Rd. on Friday at 6:25 p.m. The driver, a 16-year-old juvenile from Lake Villa, was charged with driving under the influence of alcohol. He sustained minor injuries. A passenger, Mark Braun, Trevor, 27, was not injured. The truck was seriously damaged when it left the road, struck trees and shrubbery and rolled onto its roof. — Photo by Gloria Davis.

Sequoit qualifiers

Three Antioch Sequoits qualified for the state track and field meet in Charleston. While coming close to their personal bests, none of the trio advanced to the finals. From left: discus specialist Jeremy Richter, shot putler Chris Horton and pole vaulter Mike Golebiowski. - Photo by Steve Young.

ACHS team takes 1st

An Antioch High School team captured first place in a regional stock market simulation sponsored by the Illinois Council on Economic Education this spring.

The winning team in the Northern Illinois University region was led by teacher-advisor Susan Groth. Team captain was Mike Priller, a junior class member. The team worked to gain a greater understanding of economics through simulated trading in the stock market.

In the NIU region, 180 teams from 23 schools participated in the game. State wide, 460 teams represented 70 schools.

Each team invested an imaginary \$100,000 in major US common stocks.

During the 10-week period, teams received weekly portfolios along with regional and state standings reports.

At the end of the 10th week, the portfolios were evaluated to find the top four teams in each region earning the most money on their initial investments.

"All participants win," said Dr. David A. Dieterle, president of the Illinois Council. "The Stock Market Game serves as an excellent teaching tool by introducing students to financial markets and how they affect, and are affected by, the world around us."

The Illinois Council, based at Northern Illinois University, works with school systems and teachers to develop materials that improve economic literacy

in Illinois. The Council maintains 10 centers around the state.

Information on the Stock Market Game and the work of the Illinois Council on Economic Education may be obtained by calling (815)753-0354.

Lizard wishes Olenick very speedy recovery

by LIZ SCHMEHL
(312)395-5380

I would like to dedicate this week's column to Darlene Olenick. Darlene is a very active person who wears many different hats. Along with being a wife and mother, Darlene also works a full 40-hour week job.

In her so-called "spare" time, she operates a bridal floral business. She also finds time to go camping with her family and friends, and was even able to squeeze in the time to help chaperone her daughter, Missy's, eighth grade class trip.

Recently Darlene has been forced into taking an extended vacation as she recovers from surgery. I want to join her family and friends in wishing her an extra-speedy recovery. Everyone wants to see her back in the saddle again really soon.

Exercise caution, motorists

I'd like to take a moment to remind all motorists to exercise added caution this time of year when driving on our rural roads.

This is when our roadways are shared by bikers, walkers, skateboarders, etc. One may also come upon a wildlife family crossing a back road or even a main highway. On my way to the beauty parlor last week, I noticed traffic stopped in both directions on Grass Lake Rd. as the motorists waited for two ducks to waddle across the road. So, please be extra careful in order to preserve a life, human or otherwise.

Happy birthday

Happy birthday to Al Forst from the Lizard and readers. Al will be celebrating his special day on June 16.

And sorry, John Boerman,

I didn't mean to forget to wish you a happy birthday. Rag at your wife, Linda, not me. It is her job to call the Lizard with these family tidbits. Hope you had fun on your special day, in spite of me not giving you a pre-birthday mention in the column.

Summer fun

If you are looking for something fun to do on a hot summer day, try a visit to the huge water park in Rockford. There is plenty to do there for both young and old. There are numerous water slides, a tiny tot water area complete with squirting elephant, a huge wave pool, hot tubs, snack stands and shaded pavilions. So, pack a lunch and make a day of it as you sit in a lounge chair soaking up the sun while the kids have a great time going from one fun activity to the next.

Another fun thing to do this time of year is to take in area garage sales. It is amazing all the treasures you can find browsing through someone else's unwanted items—toys, books, clothes, lawn equipment and furniture, knick-knacks, lamps, antiques, boating equipment, fishing gear, tools, jewelry, etc. These treasures can usually be had for a mere fraction of the original cost. Start out early and take in a lunch before returning home. Why is it a hot dog at a stand always tastes so much better than one prepared at home? Etc., etc., etc. . . .

On occasion, I run into someone who tells me how much they enjoy my column. Naturally, I am happy to hear that I bring enjoyment into someone's life. When that someone happens to be of the younger

generation, it makes me even happier to know I was able to bridge the generation gap if even for a fleeting moment.

If you wear dentures, take heed to the following funny tidbit told to me by the wife of Denny Gumby. Denny was hurrying down a flight of stairs at work. As he huffed and puffed from exertion, his upper plate came out and beat him to the bottom of the steps.

Denny quickly retrieved his prized possession and went on his merry way—wondering of course if anyone had noticed he had been temporarily toothless.

His wife, Veronica, told me she is going to buy him a tube of denture adhesive for Father's Day!

I recently received a phone call from Celia Bennett informing me they had to replace the doorknob and lock on their garage entry door. I, naturally, asked why.

She told me her husband, Victor, now known as "Quick Draw," was target shooting near the garage and accidentally shot off the doorknob, lock and all. Nice going, Quick Draw. I'd like to suggest you get yourself a larger target and set it up in the middle of nowhere. Or, perhaps, a pair of glasses will do the trick. I'd like to give you the Lizard's award for the funniest story this week, but Mr. Gumby beat you to it!

Till we meet again, stay well and happy. And remember to call with your summer tidbits and "ask for the Lizard." Also, when you call on nice days let the phone ring a few extra times, as it takes me a long time to get off my raft and climb out of my "new" swimming pool.

Honor Leonard

The Antioch Exchange Club has recognized its top workers for the months of April and May. Claudette Skvarce was honored in May and Bob Gagnon, club president, left, pays honor to Sandy Leonard, center, for her work as chairwoman of the Prevention of Child Abuse Committee during April. Exchange Club Past President Louis Korom III congratulates Leonard on receiving the award.

HURRY!

Before they're all gone!!

1 Miss Antioch contestant, 7 try for 'Little Miss'

Antioch Parks and Recreation Dir. Theresa Weber is still taking applications for Miss Antioch. Weber said over five applications have gone out, but only one has come back. Jennifer Clark is the young contestant Weber is referring to. Jennifer is 17 years old

and is working as a part-time dental assistant.

Applications will be taken through June 20. For more information, call the Antioch Parks and Recreation Dept. at (312)395-2160.

Antioch Parks and Recreation has received

seven "Little Miss Antioch" applications. Weber said the judges will have a very difficult time making a decision. "Each and every girl entered has something extra special about them. I wouldn't want to make the decision." The contestants include:

Denise Colby is the eight-year-old daughter of Lawrence and Terry Colby of Antioch. Denise attends the third grade at Antioch Lower Grade School.

Jamie Christine Jorgensen is the eight-year-old daughter of James and Christine Jorgensen of Antioch. Jamie attends the second grade at Antioch Grade School.

Rachel Nicole Kourba is the seven-year-old daughter of Ed and Cathy Kourba of Antioch. Rachel attends the second grade at Antioch Lower Grade.

Jessica Levine is the seven-year-old daughter of Michael and Dennise Levine of Antioch. Jessica attends kindergarten at Antioch Lower Grade.

Holly Fales is the seven-year-old daughter of Larry Fales and Sherry Chrichton of Antioch. Holly attends second grade at Emmons School.

Nina Anne Baczynski is the six-year-old daughter of Paul Baczynski and Julie Merlo of Antioch. Nina attends kindergarten at Emmons School.

Brittany Cable is the six-year-old daughter of Mike and Tammy Cable of Antioch. Brittany attends second grade at Oakland.

Anyone still wishing to enter may do so. Applications

are at the Antioch Village Hall, 874 Main St.

Anyone having any questions call the parks and recreation department at (312)395-2160.

Schedule rezoning meetings

The Lake County Board of Appeals will conduct hearings on a resort in Antioch Twp. on June 26.

The June 26 hearing will cover the request of Grass Lake Landing, Inc. to rezone a parcel of land from the neighborhood

Conservation-Suburban Residential classification to the Neighborhood Conservation Commercial Recreational category. The two-acre parcel is at the west end of Heart O'Lakes Blvd., a half-mile west of Bluff Lake Rd.

The rezoning will allow the continued operation of the facility, which includes a restaurant, bar and small marina. The property had also been rezoned during the countywide rezoning. Both hearings will take place at 1:30p.m.

Jessica Levine

Letter to the Editor

Answers Mayer Editor:

I would like to respond to a recent letter to the editor written by William Mayer of Antioch. Mayer was addressing his letter to one which I had written in response to Frank Walsh's concerns about Grass Lake School's referendum.

No, Mr. Mayer, I would not like to manage my household on a mere \$600 or \$700 a month. In my original letter I said it would be nice if the taxing

system could be changed to put a higher burden of school taxes on the shoulders of parents with school age children. I do not envy anyone living on a fixed income. I just made a point that some seniors, as well as parents, are better off than others.

I realize that seniors have worked very long and hard to achieve their present status in life and yes, they certainly do deserve any comforts they have and then some. I'd like to add that

many younger people are also working hard to have things a little easier in their futures. I was not in favor of the referendum to make things harder for seniors. As an individual I have no control over this particular situation. I was in favor of the rate increase because I felt Grass Lake School needed the additional fund.

You mentioned a recent assessment raise, I too just discovered, as did everyone in our district, that our taxes went up considerably on the last tax bill. This does in fact mean more money to our school district. As you know, this present increase has nothing to do with the successful passage of the referendum. In my opinion this increase, plus the added monies to be realized from the referendum, should have the school in pretty good shape financially — hopefully for many years to come.

I certainly do not want my taxes increased drastically every four or five years. You mentioned the teachers seeking a salary increase. I certainly hope the teachers do not receive a 20 to 30 percent raise. This seems totally unrealistic to me and I hope, to our teachers and school board also. I hope our school adopts and enforces a policy of frugal spending at all times — not just when monies are tight. Hopefully

through such a policy of spending, it will add years to the time when our school finds it necessary to ask for another rate increase.

I am sorry to hear you are losing ground due to cuts in Social Security and tax increases. This is not my idea of the right ways to run our society. It will never be just in my eyes to take benefits away from senior citizens. Maybe you should consider organizing area citizens, both seniors and non-seniors, to write to local officials voicing concerns of these injustices. While parents need the support of non-parents from time to time, the parents should in turn be willing to help seniors in their need and endeavor to make the system work for them, not against them.

In closing I'd like to say whether I agree with you and Walsh 100 percent or not, I definitely do commend you both on the

interest you obviously take in your community. I am sure most of the younger people in our community do not want to add to your burdens, but would prefer to be your allies. Working together, the old with the new, the experienced with the inexperienced, we should be able to make our community stronger. I hope that somehow things can be changed to benefit the people presently on fixed incomes and also those of us yet to experience this phase of our life cycle. Thanks for caring enough to respond to my letter.

Re-elect Axton to board

Ted C. Axton, president of First National Bank of Antioch, has been re-elected to the Board of Directors of the Illinois Bankers Assn. (IBA) for a two-year term beginning July 1.

Axton began his banking career at American National Bank, Chicago, and also worked at Old Orchard Bank and Trust, Skokie, and Libertyville National Bank before becoming president

of First National Bank of Antioch in 1983.

He received his bachelor's degree in business administration from Miami University, Oxford, Ohio, and completed the course of study at the Graduate School of Banking, Madison, Wis.

Axton was first elected to the IBA Board of Directors in 1987. He served on the association's Committee on

Federal Legislation and Regulation during the 1986-87 association year and has attended the IBA's annual Washington Visit several times.

He has been active in many civic organizations, including the Antioch Rotary Club and Lions Club.

Axton and his wife Vickie and their family live in Antioch.

ACHS gets accreditation

Art Blecke, principal of Antioch Community High School, has announced that the school's North Central Assn. accreditation has been extended through the 1988-89 school year following review and approval of its annual report at the association's annual meeting. Accreditation is for one year at a time and

must be renewed annually.

The North Central Assn., which was founded in 1895, is the largest of the country's regional accrediting agencies. It is a voluntary organization of over 6,000 schools and 900 colleges and universities in 19 states, plus the Dept. of Defense Dependent Schools throughout the world.

Rainbow magic works on rugs

A new Antioch business, Rainbow International, is owned by two young energetic people, Diane and Rob Bohnen, who have started this carpet cleaning and dyeing operation out of their home.

Rainbow International is a franchise business, home-based in Waco, Tex.

Like any worthwhile business owners, the two Bohnens did not just open shop with some spary can of rug shampoo and a bucket of Rit.

They took extensive training in Waco to learn the special two step cleaning method that Rainbow employs.

They also do carpet

dyeing, a boon to people who have a durable carpet, in good shape, but done in the wrong color.

The dyeing process also covers many unsightly stains that have previously mared the room's decor.

First, two average size carpets can be cleaned for \$69. with Rainbow's staff moving all the furniture in a room, both before and after the carpet cleaning or dyeing, all done in hours.

According to Diane, "When people decide to dye an existing carpet a darker shade instead of buying a new carpet, they save approximately 80 percent of the average price of new floor covering.

Sues Traco

Chandelite Display Fixtures Co. is charging Traco Inc. and the City of North Chicago with negligence in the June 1, 1988 explosion and fire that killed three. The plaintiff charges the city with failing to determine if the company was operating safely by not inspecting the premises properly. Traco is being charged with not operating safely and carelessly mixing chemicals resulting in the explosion that leveled seven buildings.

Shorting road needs *Politically Speaking*

Considering the ever increasing cost of living, local drivers are unlikely to flinch at the news that Illinois is below the national average in motor-fuel taxes assessed motorists—unless they are bumping along roads badly in need of repairs like Rtes. 60, 22 or Rand Rd., for example.

Illinois' gasoline tax is 13 cents a gallon compared to the national average of 15.2 cents.

Perhaps this is why advocacy groups like the Illinois Citizens for Better Transportation (ICBT) feel comfortable pushing for a six cents a gallon hike to generate \$323 million annually in new revenues for roads, bridges and mass

transportation.

More fuel-efficient vehicles and more vehicles period is reason for the fact that revenue generated annually per Illinois motorists for each penny of motor-fuel taxes declined 21 percent from 1980 (\$6.82) to 1988 (\$5.38). Traffic increased 18.5 percent during the same period.

Even considering the state's demonstrated road and bridge needs, we're included to agree with political leaders who question raising gasoline taxes when funding for education and human services remains unresolved.

Roads may be coming up short, but that's the way it has to be, all things considered.

by JOSEPH SOULAK
Lakeland Newspapers

Some Grayslake area school taxpayers are irate. It is about a bond referendum coming their way in the fall for Dist. 46, which includes all Grayslake elementary schools, the junior high school and Avon School.

A Waukegan firm, Legat and Associ-

Linda Hess

ates, has been hired as architect. Charles Johnston and Associates is the "community relations consultants" to "sell" the referendum. For this the school will pay approximately \$4,000. The business is headed by Round Lake PR-man-turned-politician Charles Johnston, who has announced his 1990 candidacy for the County Board.

What concerns taxpayers is that a local PR person, Jill Koch, offered to do for free what someone is getting paid \$4,000.

Koch, who is president of the Grayslake Park Dist., operates Koch Creative Services, a writing and creative business. Among her clients is the Illinois Library Assn. and the Round Lake Area Park Dist. She let it be known she was available to help with the Grayslake referendum—at no cost.

"No one ever contacted me," Koch said. "I didn't go out and solicit, either. Had anyone asked me I would have suggested staff do much of the work—with direction—to save money."

More people are getting high on drugs than ever before, mostly by taking greater amounts of cocaine and mixing drugs, according to USA Today.

Drugs don't come cheap. A kilogram of cocaine costs \$18,000 to \$22,000, an ounce of heroin sells for \$900 to \$6,000 (depending on purity and supply) and a quarter ounce of marijuana goes for \$35 to \$100.

Here's one for your social calendar: a family picnic for Sheriff Clinton Grinnell. It will be at his Fremont Twp. farm on Saturday, Aug. 26. For the price of \$25 the entire family will be able to eat, drink

and ride ponies. This is a combination fund raiser and just plain old get together.

Being director of the Central Lake County Joint Action Water Agency pays better than the job of Libertyville mayor. Paul Neal has found that out since taking on that job after retiring as

Clinton Grinnell

Libertyville mayor in April.

Salary for the new, first-time director is \$54,000 annually. Last week the board threw in a \$14,430 Oldsmobile 88. "I've got to get around," Neal said.

D Day is coming for political campaign committees. Their annual report must be filed with the county clerk by Monday, July 31. First day to file is Monday, July 3.

Affected are all committees and candidates active in the past year. This year, as usually happens, someone or some group will ignore the requirement. They will get a gentle reminder from County Clerk Linda Hess. Although a fine can be levied, it rarely happens. More likely, the laggards will get some free publicity like County GOP Chairman Robert Neal did last year for flaunting the rules.

At a meeting last month in Lake Zurich the Northern Illinois Planning Commission (NIPC) tried to get a lot of mayors thinking positively about Rte. 53. About a dozen of them in a corridor from the Cook County line to Grayslake attended.

They were told by NIPC Chairman George Thurston their work could have a long term, far-reaching impact on the environmental and economic destiny in this part of Illinois.

To do their work, the mayors demanded one thing above all others. "We want someone who can speak for the Illinois Dept. of Transportation," they chorused. "Not some middle-management man who has to go back with questions. We need the man with the answers."

"Oh, I know who you want," Thurston said, "you want the organ grinder instead of the monkey."

A law with teeth

Illinois lawmakers are moving a bill along that would put more teeth in efforts to curb substance abuse among young people. We hope the measure is adopted in the strongest possible form.

The bill calls for the drivers' licenses or learners' permits of teenagers under 18 to be revoked or their applications for permits denied if they are "involved in some manner" with violations of marijuana or alcohol abuse laws. The bill passed 8-1 in the Senate Transportation Committee.

There has been some nitpicking about punishing kids who are "unaware" about pot smoking or drinking going on among their passengers. This is pretty silly. If a young person doesn't know what's going on in a car under their control, it's all the more reason to believe that they're too immature to drive.

Early passage of the bill will benefit everyone and let teenagers know that society is getting tough about substance abuse.

Letters To The Editor

Schools best hope

Editor:

The income tax increase proposal sponsored by House Speaker Michael J. Madigan (HB 490) is finally a step in the right direction. The plan would raise approximately \$726 million to be divided equally between local governments and education during FY 90 and FY 91.

There may never be a "perfect" income tax increase proposal in Illinois, one including an ideal formula for school funding that would satisfy all groups. But of all the proposals we have been promised, Speaker Madigan's is the only income tax increase bill that has passed one house of the legislature in many years.

I support HB 490 as passed by the House of Representatives. It is education's best hope to date.

It's good for Dist. 127. It's good for education. It's good for local governments. And it's good for the state.

Griff E. Powell, Ed. D.
Superintendent
Grayslake High School

Game warden praised

Editor:

People should worry more about their

children than their dogs. Your pets are your responsibility. Keep them on your property.

The enforcement officer mentioned in a letter to the editor was a game warden, who can enforce the law.

The game warden does a great job. We don't have many dogs running loose in Lake County. Game wardens jeopardize their own safety like bites, rabies and other diseases.

Game Warden! Keep up the good work. I know it's not easy.

William Mayer
Antioch

Editor:

It is our opinion that a cultural center should be located in the center of Lake County, to better serve the needs of all county residents.

There has been a suggestion for a center at the Genesee Theatre in Waukegan. That building is fine for use strictly as a theater. We speak of a cultural center for the entire County of Lake. What better place than in the very center of the county?

Edward Surroz, President
Grayslake Development Corp.

White birch suffer from bugs, drought

by BILL SCHROEDER

Those lovely white birch trees highlighting well kept yards are in serious trouble. Maybe you've noticed.

Scores of the distinctively barked trees with delicate leaves already are dead. Hundreds are in a terminal condition.

The white birch are suffering from a combination of the drought of 1988 and the almost always fatal infestation of bronze birch borers, an insect that "girdles" the trunk, cutting off vital nutrients.

Symptoms of bronze birch borer are the same as severe drought—loss of foliage, discoloration of the bark and death of crown branches, according to Pam Cater, horticulturist with the Lake County Cooperative Extension Office, Rte. 45.

Cater said the county office is getting a

lot of calls these days from concerned householders. "We're recommending a commercial herbicide that can be sprayed now until July 1," Cater stated. The herbicide is designed to kill insect eggs. She can be contacted at (312)223-8627 for further information.

I'm one of the amateur gardeners who is concerned about losing a prize white birch clump adorning the backyard that has flourished for 15 years. I've sprayed faithfully every year, but last year's drought left the clump in such a weakened condition it couldn't fend off the insects. Cater said just about all hardwood trees are exhibiting drought stress.

It was disheartening to learn that this northern Illinois climate is not suited for white birch which like cool and moist weather provided in northern Wisconsin

where they are abundant. Cater said other more hardy varieties are being recommended to replace white birch. Oddly enough, river birch don't seem to be bothered by either the drought or the borers.

NO HAND OUT—Several Fox Lake officials, including Mayor Frank Meier, blinked incredulously when a developer requested that a \$400 rezoning charge be refunded for a project of \$200,000 and up homes. "You mean you can't get that money back?" the mayor inquired.

After Village Atty. John Soffiotti remarked that the trend is toward having developers pay their own way under the impact fee philosophy the board voted 4-2 against a refund.

CATCHING UP—How does a prominent person like the mayor keep busy after leaving office? If the retiree is like former Mayor Edwin Schroeder of Grayslake, the big project of the day is fixing the porch screens. "I've been wanting to do that for 10 years," exclaimed Schroeder who served as the chief executive for 12 years. His carpenter skills are getting a real work out. After a porch remodeling, every screen has to be refit.

Local crime reports don't back forecast

by GLORIA DAVIS
Lakeland Newspapers

The incredible growth that burgeoned in the Schaumburg, Rolling Meadows, Buffalo Grove, and the Arlington Heights areas of Cook and DuPage Counties in the last 10 years has spread to southern Lake County and is seeping towards the Wisconsin-Illinois border.

With the population explosion and expansion also comes a certain amount of increase in crime because crimes are committed where there are people and where there is money, ergo the more people, the more money, the more crime!

A report from the Ill. Criminal Justice Information Authority makes dire predictions about the violent crime increase in Lake County inside of the next 10 years, calling for a 42 percent increase in sexual assaults in the five counties north and northwest of Chicago, suburban Cook County, DuPage, Kane, Lake, McHenry and Will.

Lake County States Atty. Fred Foreman takes issue with the report claiming that according to records in his office, crime entotal is down in Lake County as well as some of the other areas included in the report.

Foreman claims that it is new programs initiated in his office, as well as by other area law enforcement agencies, that account for the lowering of the crime rate.

The report predicts an 80 percent increase in drug arrests in the next 10 years.

The fact that aid to area law enforcement agencies from the Metropolitan Enforcement Group and other special drug task forces has already increased drug arrests by 40 percent, makes law enforcement agencies claim that the 80 percent prediction could be on the button, but might not necessarily mean more drug pushing, but an increase in pusher arrests.

During the campaign for sheriff of Kenosha County at the end of 1988, the incumbent claimed that crime entotal had dropped over the preceding year countywide, but added that there were more violent crimes than before.

In the southern end of Lake County, in Vernon Hills, a 15 percent decrease in violent crimes (homicide, sexual assault, robbery, aggravated battery, burglary, etc.) is shown, using the arrests for the month of April 1988 compared to those made in April 1989, a matter of 53 arrests in 1989 compared to 61 in 1988.

The Vernon Hills' records show that the big increase is in Part II, or less violent crimes such as criminal trespassing,

"Foreman claims that it is new programs initiated in his office, as well as by other area law enforcement agencies, that account for the lowering of the crime rate."

weapons offenses, gambling, possession of controlled substances, simple assault, etc.

Records show a whopping 30 percent increase in Part II crimes over last year in that area.

Antioch's crime increase from 1986 through 1988 also seems to be in the lesser crime area, with the biggest increase to be found in recorded arrests for theft under \$300, from 157 in 1986, to 252 in 1988.

Burglary arrests have increased in Antioch from 32 in '86 to 56 in '88.

But when one gets down to the stats on violent crimes in Antioch, assaults/batteries have gone down by 50 percent in the last two years.

There's been one more robbery and DUIs have also decreased by almost 50 percent.

Down south again, after reading the state authority's report, Lake Zurich Police Chief James Glogovsky claims that, though his area has seen a veritable population explosion in the last few years, the crime rate has remained stable.

In Fox Lake, not known as one of northern Lake County's quieter municipalities, the biggest crime rate increase is in the burglary category.

There have been over 60 percent less sexual assault arrests in the last two years,

but those impressive figures actually mean that there were three arrests for that crime in 1986 and only one in 1988.

Assault/battery arrests were slightly up in Fox Lake, 11 in '86 compared to 17 in '89. DUI arrests are slightly down, 80-79, and burglaries have gone up from 66 in '86, to 77 in '89.

Lake Villa Police Chief John Debevic said that although he too has found reported crimes to be of a more violent

Other predictions by the state agencies based on trends reflecting increases in 1987, have aggravated assaults increasing by 29.5 percent; burglaries by only 8.5 percent (this is where municipalities we checked with show the largest increase.)

The good news is that the four Lake County municipalities had no murders reported in the last two years and the study calls for only a slight increase in the homicide rate.

Yes, the population growth in Lake County that is more than slowly creeping towards Wisconsin, will bring school, road, sewer, ergo tax problems, along with the predicted influx of people, businesses and cash flow.

With this, a crime rate increase is inevitable, but if the state authority's predictions are based on 1987 crime statistics, the law enforcement agencies this reporter checked with are calling for much lowering of the predicted increase percentages.

Legion squad dedicates season to former coach

For the first time in more than 10 years, Keith Mione will not be in his familiar third base coaching box position during Mundelein Legion Post 867 baseball games.

Mione, a longtime veteran of Mundelein baseball, is battling cancer. But that does not mean that Mione's presence will not be felt.

"We have dedicated the season to Mione," new head coach Ted Muno said.

Whether or not there would be a Legion team was somewhat in doubt two months ago because of Mione's health problems and Mundelein baseball team's frustrating year. But then Muno stepped in.

"We want to play winning baseball and every time out, whether it be a district game or not, we're going out to win," Muno said.

The Legion squad, which hosts Barrington June 16 at a 6 p.m. game at Mundelein High, has done just that, winning five of six games with the other contest ending in a tie.

The team is comprised of players from Mundelein, Carmel and Grayslake High Schools plus a couple of high school graduates whose birthdays fall on or after Aug. 1.

Muno, while new to his role as manager, is certainly no stranger to American Legion Dist. 10 baseball.

He served as an assistant for four years under Muno. Prior to that, he has umpired Illinois High School Assn. as well as high school games in Pennsylvania.

Baseball is not the former Catholic League football referee's only involvement with youth. He is also organizer for the Mundelein Junior Football organization.

"I love working with kids," Muno, a St. George High School graduate, said.

A fullback and linebacker for the Evanston school, Muno had his athletic career cut short by a knee injury in his senior year.

He is assisted by Kevin Kristan, whose baseball career includes two stints

with the Chicago White Sox in 1985 and 1986.

The Mundelein contingent on the squad includes senior centerfielder Chip Seidl, junior Jim Casper, senior pitcher Ken Umbdenstock, senior utility infielder Bob Pettinger and senior second baseman Brad Williams. Junior second baseman Tony Allport rounds out the Mundelein High connection.

Senior pitcher Jim Cooney, outfielder Dale Carlson and third baseman Randy Olczyk are Carmel representatives. Pitchers Todd and Toby Roulledge, and David Woll have all contributed to Post 867's early wins.

Lakeland a member of AP Newsfinder service

Lakeland Newspapers has been admitted to membership in the Associated Press Newsfinder service.

As a Newsfinder member, the Lakeland group will have access to AP stories about the state, nation and the world. Lakeland Publisher William Schroeder feels the acquisition of Newsfinder will help provide quality news coverage and bring statewide and national news events into the local spotlight.

This technologically advanced service will permit Lakeland Newspapers to

receive stories from AP that they know will be of interest to local residents.

"Lakeland's decision to use Newsfinder demonstrates the newspaper's concern for meeting the information needs of the local community," said David Skoloda, Newsfinder publisher. "Some of the best local newspapers in America are using the service to give their readers the entire story. No matter where an event happens, the editor can give all the details, including what it means in the local community," Skoloda said.

Nearly 250 leading community newspapers

nationwide are now members of the Newsfinder service.

In addition to receiving Associated Press reports, Lakeland also will be able to supply news to AP's network.

"Newsfinder will be a valuable asset to the Lakeland package. Major news events happen every day on the statewide or national level which have a direct impact on local residents. Our goal is to localize these stories and inform our readers how much of an impact these events will have on the local scene," said Managing Editor Mike Pramshafer.

Graham still in court over papers

Former Libertyville Twp. Supv. F.T. "Mike" Graham is in court, but not before a grand jury.

A scheduled grand jury appearance earlier this month was postponed for unknown reasons. Even Graham said he did not know why. Graham is accused of influence peddling and official misconduct.

Meanwhile, Graham was in Lake County Circuit Court last week explaining why records he took from the township office after his

April election loss are mostly personal.

Graham has maintained copies of the documents are

available through his attorney, but not at his expense.

To date, the township has not taken advantage of this.

Countryside Assn. celebrates 35 years of assistance

by CARON KREBS
Lakeland Newspapers

Countryside Assn. for the Handicapped has been providing occupational and social skills development for the mentally, physically and emotionally disabled in Lake and Cook Counties since 1954.

Countryside Assn. for the Handicapped, Inc. has grown to two work centers, providing numerous services for the mentally disabled and their families.

In the work centers, Countryside Center, 21154 W. Shirley Rd., Palatine, and Lakeside Center, 1301 Lewis Ave., Waukegan (opened in, the association aids their "clients" in developing independent work skills.

First, the association evaluates the individual's capabilities, limitations and behaviors to help put together a development plan.

In activity services, which Public Information Representative Claudia Dreyer says is helpful for lower-functioning clients (some of whom aren't able to function in a work environment), the client is given training kits to develop such skills as time-telling, communication, work behavior and word attitude.

Dreyer says the ultimate goal for those in activity services is to develop enough to move into work services or work adjustment, although she notes some never develop past involvement in activity services.

In work services, the work materials for packaging, assembly and mailing jobs are brought to the centers from companies (either in the center's own truck or by the companies own transportation). Clients work at the center, earning "income commensurate with abilities."

Dreyer says non-disabled workers provide quality control by making sure

Countryside work services

Countryside Assn. for the Handicapped client Virginia Morgan helps assemble and package magazine and record files for Stone Container Corp. of North Chicago at Lakeside Center in Waukegan work services program area.—Photo by Caron Krebs

the jobs are being done correctly.

Those who are more "vocationally advanced" move up to work adjustment, where they fine-tune their work skills, learning work attitude and behavior for a limited time in order to make the transition from placement in one of the centers to working outside of it in the community in what is called "supported employment."

Dreyer says supported employment is the association's newest program and

an innovative trend among state-funded institutions. Countryside places clients in jobs, such as maids at the Navy lot hotel at Great Lakes Naval Base and positions at Handy Andy in Gurnee.

At the job site, the association also places job coaches, who perform the initial job training and follow up with reinforcing the training and working with any problems that may come up on the job.

Dreyer says the supported employ-

ment program is real successful.

Handy Andy Administrative Asst. Melanie Boyer agrees about two such employees at the store. "They do a real good job here," she says.

Beverly Ritta, who has trained and helps them price merchandise since April, says the two are "doing fine." She says no problems have occurred.

Everything seems to be working out fine," Ritta says. "They are good workers."

The association also provides services outside the centers, such as their respite program and client and family support.

In their respite program, staff are sent to aid the families taking care of the developmentally disabled member in the home. Staff offer "scheduled relief" to the family members by taking over the responsibilities for a while. They also give therapy, training and encouragement.

In their client and family support program, the association services the developmentally disabled and their families by assisting them to live successfully in the least restrictive appropriate community environment, Dreyer says.

Among the purposes of the support program are to help the client "be an integral member" of the family and to "become a functioning member of the community."

Clients are given help to enable them to live at home with their families or even independently. Staff teaches parenting skills for the disabled, personal hygiene, basic housekeeping and cooking skills, budgeting and socialization skills.

This program also provides a linkage to community services, such as contact with public aid or with a doctor. Crisis intervention is another service the program provides

Premium fair book available

It's time to decide if grandma's cookie recipe, brother John and brother Dave's singing act, or sister Sally's tulips are good enough to win a blue ribbon at the Lake County Fair, scheduled for July 26-30 at the Lake County Fairgrounds, Rtes. 45 and 120 in Grayslake.

The Lake County Fair Premium Book, available now, outlines rules for various fair competitions including livestock, agricultural, horticulture, floriculture, domestic arts, fine arts, antiques and hobbies, culinary arts, truck and tractor pulls, horse shows, talent contests, and the Lake County Fair Queen Pageant.

The deadline for most of the entries is July 12. Fair books can be obtained at

the fair office or by writing to the Lake County Fair Assn. at P.O. Box 216, Grayslake, IL 60030, or by calling (312) 223-2204 from 9 a.m. to 3 p.m.

No books will be mailed after July 1, 1989.

For more information, call the fair office at (312) 223-2204 or the Lake County, Illinois Convention and Visitor's Bureau, 1-800/847-4864 (inside Illinois) or 1-800/525-3669 (outside Illinois).

Gives suggestions

GRAYSLAKE---Thomas E. Glass, a Northern Illinois University professor, submitted a preliminary draft of his facilities assessment for Grayslake Dist. 46 at the district's committee-of-the-whole meeting. "I'm going to try and help the district develop an educational program and then we'll put the bricks behind the program," Glass stated.

Seeks safe streets

HAINESVILLE---A former Hainesville trustee is leading a cause to make two village streets safer. George Schlung appeared before the Hainesville Village Board Tuesday, asking the village for one-way designations for Gage and Hall streets.

New curfew law

FOX LAKE---An angry Fox Lake trustee pushed through a new era of enforcement of Fox Lake's long dormant children's curfew ordinance. The new curfew, presented to the board by Trustee Ken Hamsher, is effective immediately. Children below the age of 17 must be home by 11 p.m. week days and by midnight on weekends. "I'm tired of kids running all over town all hours without their parents knowing anything about where they are or what they're doing," said Hamsher.

Financial trouble

ROUND LAKE---Round Lake Unit School Dist. 116 administrators are at the mercy of the state legislature. Supt. Clifton Houghton said the financial situation for the district "does not look very promising at this time." Part of the problem, according to Houghton, is that financial aid from the state legislature "has not met expectations during the past two years." The superintendent added that the district may have to place another referendum on the ballot this November if state aid is "below normal" once again. The district had two referendum questions shot down in the April election two months ago.

New trustee named

MUNDELEIN---Mundelein has a new village trustee. Mayor Marilyn Sindles has appointed Gerald Caslavka to the board of trustees. Caslavka ran on the same ticket as Sindles during the April election, but finished fourth in the race for three trustee spots. He will replace Dick Starkey on the board, who relinquished his seat when he was unsuccessful in the village mayoral race two months ago. This leaves one vacancy on the board yet to be filled - Sindles' old seat. Her seat became vacant when she was elected mayor.

Busing problems

LAKE VILLA---Residents living in the vicinity of the Lake Villa Intermediate School on McKinley Ave., Lake Villa, are outraged over a proposed bus garage and lot which may be built adjacent to the school. The proposal calls for a garage with three bays for buses, room for storage, parking for the school district's fleet of 23 buses, and a 5,000 gallon underground storage tank for gasoline. Residents voiced complaints to the Dist. 41 School Board and Supt. Peter Palombi at the board's regular meeting earlier this week. Complaints included the problem of contamination of a Village well which sits next to the proposed site; the danger

of having a gas tank next to a school; the jeopardy of the children's safety; the lowering of property values in the neighborhood; and the increase in traffic in the neighborhood and on Grand Ave.

View development

GURNEE---Approximately 446 acres south of Rte. 132 and west of Hunt Club Rd. will be the proposed site for a new development by Lexington Homes. The ambitious project was discussed at a public hearing before the Gurnee Plan Commission. As outlined by Lexington employees and consultants, the development will take several years to complete and will have six different styles of living quarters: apartments, manor homes, town homes, optima series single family homes, signature single family homes and designer single family homes.

RV, Boat Show

ANTIOCH---The Antioch Chamber of Commerce and Industry is sponsoring its annual RV, Auto and Boat Show, to be held in the east parking lot of Antioch Community High School, at the intersection of Rtes. 173 and 83, Friday, Saturday and Sunday. Admission and parking is free. There will be refreshments and live entertainment as well as hourly prize drawings.

BUSINESS

BUSINESS BRIEFS

Lake Zurich

A satellite dish is being installed at the Edward D. Jones & Co. Lake Zurich office, according to Robert L. Friederich, investment representative. Once the extensive system is complete, Jones will operate the largest satellite communications network in the investment industry. The system allows two-way data, audio and video communications via satellite. It also enhances the speed of financial transactions and introduces investment products and programs for Jones' clients. With more than 1,400 offices in 38 states, Edward D. Jones & Co., founded in 1871, is one of the largest financial services concerns in the country.

Lindenhurst

Realtor associate Carolyn Patterson has won the sales category and Randy Cooley won the greatest number of listings for April, and Gloria Brda captured both sales and listing categories for the month of May according to Terry Denoma, broker/owner of Century 21-Leech and Assoc., 1914 Grand Ave., Lindenhurst.

Waukegan

Ron & Brian's Suzuki of Waukegan has been awarded the coveted Super Service Award for being "the best of the best" from American Suzuki Motor Corporation. Jim Kirkland of American Suzuki presented the award to Service Manager Avery Innis and Co-owner Brian Parpan in Las Vegas.

Grayslake

Grayslake Unocal 76 Quick Mart will be holding its Grand Opening celebration this weekend, Friday, June 16 and Saturday, June 17. There will be free giveaways at the event, including free t-shirts. There also will be a drawing held Sunday, June 18 to determine the grand prize winner of a 19" inch color television set. Klara Klutz the clown will be present on Friday and Saturday from 9:30 a.m. to 5:30 p.m.

Fox Lake

Marine Mart, offering everything the boater needs or wants, has now opened its second shop at the corner of Rte. 12 and Grand Ave. in Fox Lake. Owner Duane Hunter says his establishment offers everything from seat cushions, to nautical decor and clothing. The store is open Sunday through Thursday from 9 a.m. to 8 p.m., and Friday and Saturday from 9 a.m. to 10 p.m. The first Marine Mart was opened in Downers Grove.

Round Lake

West Coast Video, owned and operated by Marie Novotny, will soon be holding its grand opening in the Mallard Creek Plaza in Round Lake Beach. West Coast, which gives the consumer the unique opportunity of renting videos today and paying for them tomorrow, also has a senior citizen two-for-one special on Monday through Wednesday. The shop also has a special children's section available.

Realty World Tiffany Real Estate is sponsoring a free tour of homes for sale from 1 to 4 p.m. on Sunday, June 25, with starting points at the Realty World offices located at 708 W. Rollins Rd., Round Lake Heights, and 549 Main St., Antioch. Persons taking the tour will be given free financing and housing information as well as maps giving directions to the various homes being showcased. There will be refreshments and door prizes throughout the day.

entrepreneur

Future gymnastics stars

Coach Edgar Pulido assists future gymnastics stars Lindsey Keefe, 2, on the balance beam, and Matthew Brown, 3, on the parallel bars. Brown is getting the double treatment, though, as Gymnastics Factory owner JoAnne Alam also assists. Waiting for their turn are Christopher Smith, left, and Nicholas Carson.—Photo by Susan Sander

Gymnastics 'a way of life': Alam

by SUSAN M. SANDER
Lakeland Newspapers

When youngsters and young-at-heart come to see JoAnne Alam, they fly.

They also do cartwheels, tumble or bounce up to the rafters.

JoAnne Alam is co-owner/operator of the Gymnastics Factory, located in Grayslake at 2 S. Lake St., in the old Cupola Building next to Parkway Foods.

"I've always been a sports person, however, it was my daughters who chose gymnastics at an early age," explains JoAnne.

When the family moved to Libertyville seven years ago, daughter Liebe (an Ohio state title holder) became LHS' first girl in statewide gymnastic competition. JoAnne choreographed floor routines for Liebe, as well. Younger daughter Elish, however, had no training center to continue her daily four- to five-hour workouts.

JoAnne's search for a safe training center ended when she met Debbie Schmidt at a high school gymnastics event. A month later, the two women opened their first Gymnastics Factory in Lake Forest. That was six years ago. Two years ago, they opened the Grayslake facility.

"In gymnastics, it's you and the sport. Our goal is to build self-esteem, self confidence, in youth while promoting good health," says JoAnne.

Ten-week programs are offered for all age levels year-round. The 32 coaches, members of USGF (U.S. Gymnastics Federation), are safety certified with heavy experience in competition. The coaching ratio is 7:1.

"We had 1,200 students this past year between the two gyms, with 18 USGF state champions; five students earned full

scholarships to universities," JoAnne proudly adds.

"It's a difficult sport. It requires concentration and dedication. The feet go where the heart goes. You can't force someone into this sport."

The training center offers a safe and healthy workout. Programs for tots work on large muscle motor skills; gaining self-confidence they are eager to try new skills. Intermediates start training two to three times a week for competition.

To compete in USGF events, girls must be proficient in floor exercise, balance beam, uneven bars and the vault. The boys' events include floor exercise, high-bar, parallel bars, pommel horse, vault and rings. Each event is judged on basic and movements.

"Gymnastics gained popularity with Nadia Comaneci and Mary Lou Retton;

now you see gymnasts in commercials. Lands' End catalog uses some of our students as models. These kids have poise, confidence and are able to follow body instructions. The self-discipline also helps in academics," adds JoAnne. "It becomes a way of life."

Others who benefit are the hearing-impaired as well as the blind. "Folks from the community come in just to watch our students," says JoAnne. Several area pre-schools bring groups. There is an after-school program, as well as a summer recreational program with the Wildwood Park Dist. The gym is even available for a "birthday party" workout.

The Grayslake gym will be expanding this summer into the front of the building, enabling the Gymnastics Factory to play a bigger and better role in providing a safe training center for the community.

Bank's prime rate checking generates \$5 million plus

Home Federal Bank's new high rate checking account has garnered over five million dollars in less than three months since its inception.

According to Home Federal President Richard A. Samuels, it's an investment that's ideal for these times. "With this uncertain economic climate, we're seeing many savers putting their funds into high rate, short-

term investments. But they want an investment whose yield remains high, regardless of prime rate fluctuations and a principal that can be withdrawn at any time," said Samuels.

Home Federal Bank is the first Lake County institution to offer this financial instrument, which is currently paying 9 percent.

Further information can be obtained by contacting a

customer service representative at any branch location, or calling (312)244-0880.

Home Federal Bank for Savings is a \$377 million Waukegan-based financial institution serving the Lake County area for over 30 years, with branch offices in Fox Lake, Grayslake, Lindenhurst, Round Lake Beach and Lake Zurich.

Personnel

Gary Libman

Gary N. Libman of Des Plaines has been promoted to manager of regulatory affairs for agricultural products in the chemical and agricultural products division at Abbott Laboratories. He was manager of group quality operations in the Abbott diagnostics division. He joined the company in 1975 as a microbiology group leader in the hospital products division. Libman holds a B.S. degree in biology and chemistry from the Univ. of Ill. in Chicago, an M.S. degree in microbiology from Roosevelt Univ. in Chicago, an M.B.A. degree in industrial management from DePaul Univ. in Chicago. He is a member of the American Society for Microbiology, the American Society for Quality Control, and the National Agriculture Chemists Assn.

Ed Crawford

Ed Crawford resident of Oakwood Knolls, has been appointed as Realtor associate for Realty World-Tiffany Real Estate, Antioch and Round Lake Hts. He is past director,

vice-president and president of the Oakwood Knolls Property Owners Assn., past vice-president of Libertyville Kiwanis Club, member of the Antioch VFW, and associate member of the U.S. Naval Institute. In addition to attending Wright College, Harper College and the Univ. of Wisconsin, he was a field representative for General Electric, commercial producer for several national advertising agencies, and an instructor at the College of Lake County.

If alcohol or drug abuse has taken your teen out of touch, we're within reach.

A free, confidential consultation is just a phone call away.

CALL THE
ADOLESCENT
TREATMENT
CENTER
360-2720

Often, it begins innocently. Experimenting with drugs. Beer parties after football games. It's no one's fault—but, somehow things have gotten out of hand and your teenager is out of touch.

The fact is, substance abuse is often only a symptom of a deeper emotional problem. Professionals at the Saint Therese Adolescent Treatment Center know this—and have developed the only program in the area where your son or daughter can receive help in overcoming a drug or alcohol problem while also receiving psychiatric treatment for the underlying emotional dilemma.

The program has been developed specifically for adolescents and their special problems—and is not an adult program that has simply been adapted for teens. This comprehensive program not only helps your son or daughter, but also provides the support your entire family may need to become united once again.

Deciding to get professional help is never easy. But, if you suspect your teen has a problem, call us today to set up a free, private consultation—or to simply ask questions. It may be the most important phone call you'll ever make.

Saint Therese Medical Center serves the communities of Northern Illinois and Southeastern Wisconsin with complete programs in adult and adolescent psychiatric services.

Release lump sum retirement plan monies wisely

by TERRANCE R. GAERTNER

If you are retiring or moving on to a new job, and your previous employer had a retirement plan, you have some important decisions to make.

What should you do with the money that will be coming out of the retirement plan as a lump-sum distribution? If you saw the movie "Lost in America"

You can avoid paying taxes currently by rolling over your distribution into an Individual Retirement Account. This must be done within 60 days from date of the distribution. You then can continue to defer taxes on both the distribution and future earnings until you begin withdrawing funds. One possible risk with this option is that the income tax rates could possibly be

knowledgeable financial advisor who can help you make an informed decision. It is important that you do not procrastinate. Remember that after 60 days have expired from the date of your lump-sum distribution, you lose the IRA rollover option.

What exactly is a "lump-sum distribution?"

It's a payment or payments within one taxable year of your entire balance from a qualified pension or profit sharing plan (including the popular 401K plans), a 403B plan for employees of certain not-for-profit organizations), or a Keogh plan for self-employed individuals.

It must have been paid because you left your job, became disabled, reached age 59 1/2 or died. You must have participated in your company's retirement plan for at least five years to qualify for certain lump-sum distribution options other than the IRA rollover. Remember, any after-tax contributions that you made to the plan come back to you tax-free.

Even if you are over the age of 70 1/2, you can still rollover a lump-sum distribution to an IRA account or accounts. There is no maximum number of IRA accounts that you can use.

We have available at our office a software program that helps make the lump-sum distribution decision a lot easier. It analyzes the tax consequences of the various options and is available free of charge.

Again, since this will probably be the largest investment decision you will have to make in your life, it makes sense to get professional help from a qualified financial advisor. I encourage you to obtain this qualified professional help well before you receive your

distribution.

Editor's note: Terrance R. Gaertner is president of Chicago Financial Advisors, Inc., Chicago, a financial planning company. He is a member of a panel of financial experts preparing This Way to

Wealth. Your questions are invited by writing to This Way to Wealth in care of the Lakeland Newspapers, 30 S. Whitney St., Grayslake, IL 60030, or to 2203B Lakeside Dr., Bannockburn, IL 60015.

This way to wealth

you know what not to do—lose the entire "nest egg" in Las Vegas.

You have several options open to you, each of which will have a significantly different tax consequence. Your options include:

- Take your money now and pay ordinary income taxes on all contributions and earnings not previously taxed. This will also generate a 10-percent penalty if you are not at least age 59 1/2 at the time of the distribution.

- If you are least 50 years old or have reached the age of 59 1/2, you can take your distribution now and pay taxes by using a one-time option of five-year forward averaging or ten-year forward averaging.

- If you participated in the plan before 1974, you can take advantage of the favorable 1986 long-term capital gain rates for part of your distribution.

significantly higher in future years when the funds would be withdrawn and taxed.

- You can defer taxes on only some of the distribution by rolling a portion over to an IRA and being taxed on the other part of the distribution. Again, the portion not rolled over to an IRA is subject to tax and, generally, a 10-percent penalty if you are under the age of 59 1/2.

- If you are going to a new employer who has a qualified retirement plan, you can roll your distribution into your new employer's plan.

- You may be able to leave your money in your prior employer's plan until you reach retirement age.

Well then, which is the best option for you? It really depends on your individual circumstances. You will want to review your particular situation with a

WEEKEND/ LEISURE

and FOCUS ON FEATURES

Check it out!

by GLORIA DAVIS
Entertainment Editor

Film Review

Although he is getting older, in the flick "Pink Cadillac," the former mayor of Carmel, is looking pretty good and does less stoney-faced talking between his teeth, ala his early spaghetti westerns.

Clint Eastwood meshes pretty well with girlfriend Bernadette Peters in this one.

The two faults of the film are the rather stereotyped villains and an ending that his reviewer found unacceptable.

Eastwood and Peters are a great looking couple that send off good vibes when they're together. This is a fast action film that also has a lot of laughs. Let's give it three stars out of five.

Be there

Traveling across the world to showcase their folk art will be 25 talented singers, dancers and musicians doing the "Stars of the USSR" show at Great America, starting June 24 through Aug. 20.

The annual Chicago International Boat Show will be at Navy Pier on June 16-18. One of the most popular exhibits is expected to be a \$300,000, 45-foot Pilot House Motor Yacht shown by Fox Lake Harbor of Lake County.

It may not be too early to buy your tickets for Temple Farms' North American Young Riders Championships, to take place Aug. 8-13. Call the American Horse Shows Assn., (212)972-2472.

Now on display at the Millburn Art Gallery is an exhibit called, "Fun Art, Fine Art, Folk Art for Your Kitchen and Family Room." Display runs through July 27.

Two upcoming Chicago events may make for unusual summertime experiences. On Friday, the Chicago River Serenade, which takes place on Wacker Dr. at the Michigan Ave. Bridge, will include a boat parade plus orchestra and dance performers and in-water acts.

Also the International Children's Fest, featuring Irish step-dancers and the Trinity Academy Dancers, will also have activities that will include sari wrapping, mask making, egg decorating, on June 16.

Music

This Saturday, at 7:30 p.m., the Laketown Buskers, a versatile and talented string band, will bring their version of western swing, bluegrass and jazz to the David Adler Cultural Center for the season's last concert.

Kids can learn all about bugs and then join in on a Fathers' Day celebration at the Kohl Children's Museum in Wilmette, Tuesday through Saturday, from 10 a.m. to 4 p.m. and on Sundays, from noon to 4 p.m.

With plans for the closing of Fort Sheridan still on the government's docket, this could be one of the last times to see the Fifth Army Band in its series of concerts, featuring the band's jazz ensemble, on June 22.

The DeJavant '89 concert series will conclude on Monday, June 19, at the Royal George Theatre in Chicago with the Ukelele Orchestra of Great Britain on stage.

Don't forget, for good country western or blue grass music, it's the Sundance Saloon in Mundelein, every Thursday, Friday and Saturday evening.

Pullman does 'Black Patent'

Sister Helen (Elinor Francisco, Wauconda) seems to be asking for some Heavenly advice in dealing with her incorrigible students as the Pullman Players' open latest production of "Do Black Patent Leather Shoes Really Reflect Up?" last weekend. From left, Gary O'Day, Island Lake,

Denise Watts, Cary, Tony Kortas, Buffalo Grove, Adrian Watts, Cary, Beth Bickers, Island Lake, Cindi Daniels, Round Lake and Mary Ann Fout, Hanover Park. Show will play closing performances on June 16-17.

Marriott set to premiere 'Matador'

Producer Kary M. Walker, of Marriott's Lincolnshire Theatre, has announced the international premiere of the musical "Matador." Presented in association with CBS Records, Morrison Leahy Music and London producer Laurence Myers, "Matador" plays at Marriott's Lincolnshire Theatre June 21 through Aug. 27.

"Matador" is the one word that captures the essence of the history and romance of Spain. More than a sport, the fight of the bulls is a fiesta of glory and glamour. It is as ritualized as a coronation and more visceral than a boxing match.

The story follows Domingo, born into poverty in a small Spanish village with one passionate desire: to be a matador. With his hungry courage and desperate will to succeed, this reckless youth becomes one of the most spectacular matadors in history.

Arrogant, athletic, magnificent, he defies death again and again in the arena, filling the crowds with anguish and joy. Worshipped for his youthful rebelliousness, he becomes the icon of a people caught in a turbulent time. But there is an old Spanish adage: "The horn-wounds of ambition are the worst of all."

Michael S. Lynch, last seen at Marriott's as the Tin Man in their acclaimed production of "The Wiz" and recently seen in "Jerome Robbins' Broadway" in New York, plays Domingo, the matador.

The cast also features John Reeger (Don Ramon), Jamie Dawn Gangi (Margarita), Dale Morgan (El Puro), William Akey, Robert Winn Austin, Susan Bachman, Randy Bichler, Jeanne Croft, Manolo De Cordoba, Mary Ernster, Tong DiFalco, Ray Frewen, Neil Friedman, Tracey Hodgkin-Valcy, Ronald

Keaton, Andrew J. Lupp, Harrison McElDowney, Susan Moniz, Marcos Olivera, Rob Rahn, Bernice Yvon and Jim Zager.

The dynamic score by Mike Leander (music) and Edward Seago (lyrics) captures the allure and intrigue of Spain with romantic melodies, sensual ballads and heart-racing flamenco rhythms.

Director/choreographer David H. Bell returns to Marriott with his exciting style of staging and dance. He also collaborated on the concept and book of the musical with Seago and Leander. Producers Walker and Myers have engaged the talents of International choreographer Raphael Aguilar of Madrid to originate

the flamenco sequences.

Along with Bell and Aguilar, those creating "Matador" for Marriott's stage are designers Thomas M. Ryan (sets), Nancy Missimi (costumes), Diane Ferry-Williams (lighting), Randy Allen Johns (sound) and Kathy Klaisner (props). Rob Bowman musically directs and conducts this musical premiere.

"Matador" performances are Wednesdays at 2 and 8:30 pm, Thursdays at 8:30 pm (most including a free steak dinner with the purchase of a full price theatre ticket), Fridays at 8:30 pm, Saturdays at 5:30 and 9 pm, and Sundays at 2:30 and 7 pm.

Nautical is always in at Leisure Point eatery

by GLORIA DAVIS
Lakeland Newspapers

Summertime on the Chain O'Lakes calls for casual dining, and with boating one of the biggest seasonal businesses, a nautical theme can do nothing but help any restaurant in the area.

The Captain's Galley at Leisure Point, situated on the most visible piece of property on Fox Lake, utilizes many seaworthy appointments since a restaurant on its site has been appealing to those in search of casual lakeside dining for 30 years.

Two years ago, owners Phil and Bonnie Sudak renovated the restaurant, pulling in warm green and lots and lots of brass to add to the nautical decor.

They are now in the process of adding a new lounge.

Epicures say that the three most

important things a restaurant must offer are good food, good service and a clean, attractive atmosphere. The long success of restaurants at the same spot on Forest Ave. attest to the constant meeting of those high standards.

The delicious seafood and steaks, done just as the customer orders, among all the other succulent items on the menu, are especially prepared under the watchful eyes of Rick Zeoli and Manuel Rodriguez, who make sure that nothing but the best cuisine leaves their kitchen.

Lunches start at \$4, dinners at \$8, with special children's portions on the menu.

There is plenty of parking for boaters who want to stop for a little libation.

The Captain's Galley at Leisure Point is open seven days a week from 11 a.m. to 2 a.m. and from 11 a.m. to 3 a.m. on weekends.

Casual dining

The warm forest green and brass decor add to the nautical theme that helps to make the Captain's Galley at Leisure Point on Fox Lake one of most popular dining spots on the Chain O'Lakes.

Antioch 'Landmark'

The restaurant on the hill on Rte. 173, in the western part of the Village of Antioch, has long been an accepted local landmark ever since it was Smart's and Lorenz's Country House. Photo by Gloria Davis.

Landmark has something for every family member

by GLORIA DAVIS
Lakeland Newspapers

"The restaurant on the hill," at the intersection of Tiffany Rd. and Rte. 173, has been an Antioch landmark for over 100 years. When the owners of Midlane Country Club took it over last year, they wisely used that fact in the restaurant's new name.

Known as Smart's, and then Lorenz's Country House for years, The Landmark has more than the proper name to help it draw crowds of diners and partiers.

The new tropical decor, with cascading waterfalls and all, is a pleasant departure from the country atmosphere found in most restaurants.

Names like the Reef Lounge, the Castaways Diningroom and the Bombay and Sandpiper banquet rooms, carry the southseas theme throughout the restaurant.

Of course fresh seafood keeps the tropical touch to the menu, but items like veal en crout and demi-boned duck are offered for the gourmet and more hearty entrees, like the one pound pork chop, are there for those that take the wish, bone appetite, to heart.

Though falling into the "fine dining" category, The Landmark has something for everyone, with senior citizen lunches

offered at a discount from 1 to 2 p.m., party discounts given on Sundays, and a special family night every Wednesday, with children 10 and under dining for 99 cents.

But dining is not all that the Landmark offers. There is live music for everyone's listening and dancing pleasure on the weekends and a new comedy shop along with a burger bar opened last week, with one-half pound burgers, grilled outdoors, and lots of laughs every Thursday.

There are all sorts of perks offered customers of the Landmark. For those that thrive on elegance, complimentary limousine service from home to the restaurant and back is now being offered for lunch on Tuesdays and Thursdays, and also for dinner on Wednesdays and Thursdays.

The Landmark is also keeping up with the season by delivering complete picnics to area businesses, with box lunches and cold salads, including everything but the ants. Party platters for business meetings and celebrations are also available.

Lunches range from \$5 and dinners from \$11, with Chef Chris Rook, formerly with Le Francois and Le Vichysios, giving his personal attentions to all the succulent goodies that pour out of the Landmark's kitchen.

Lakeland's WEEKEND/LEISURE

Psychosocial Rehabilitation.

The Alliance for the Mentally Ill (AMI) of Lake County is a support group to help family members who have or suspect they have mentally-ill relatives. AMI's next meeting will be held at 7 p.m. on Wednesday, June 21 at St. Lawrence Episcopal Church, 125 E. Church St., Libertyville. Mike Pierce, director of Independence Center, will speak on the topic "Psychosocial Rehabilitation." For more information about AMI call (312)234-8383.

Auditions for Lil' Abner

Best off Broadway Players will be holding auditions for Lil' Abner at Cutting Hall, 150 E. Wood St., Palatine at 7 p.m. on Saturday, June 19. There are many leading roles and character roles for men and women of all ages. Also needed are mixed singing and dancing chorus. Be prepared to sing, dance and read. For more information call (312)658-6697.

Volunteer orientation meeting

Share talents, interests and life experiences with a child from a single parent home in Lake County. Learn more about the program at the volunteer orientation meeting from 6 to 8 p.m. on Monday, June 19 at the Big Brother/Big Sister office located at 4213 Grove Ave., Gurnee. For more information call (312)360-0770.

Flag Day Fling

Buoys and Belles Square Dance Club is sponsoring a Flag Day Fling with square dance caller Bob Wilson and round dancing by Al Hallgren from 8:30 to 11 p.m. on Friday, June 16 at First United Methodist Church, 128 N. Utica St., Waukegan. Call (312)623-4126 for further information.

Quilters to meet

The Northern Lake County Quilters Assn. is having a monthly meeting at 6:30 p.m. on Wednesday, June 21 in the Wilton Room of the Lake Villa Dist. Library. For more information call Debi Schneider at (312)587-5540.

La Leche League to meet

Mothers interested in information about breastfeeding are welcome to attend the next meeting of the Chain O'Lakes area La Leche League. It will be held at 2:30 a.m. on Wednesday, June 21. The topic will be "Baby Arrives." For more information and location of meeting call (312)546-5261 or (312)587-2957.

Annual Equal Opportunity Luncheon

The Lake County Urban League will hold its 12th annual Equal Opportunity Luncheon, on Thursday, June 22 at the Port-O-Call, Great Lakes Naval Training Center. The guest speaker will be Dr. Daniel J. Lavista, the president of the College of Lake County. He will discuss the opportunities that are available for minorities in higher education. The price of the luncheon is \$25 per person. Reservations are being taken at the Lake County Urban League, 122 Madison Ave., Waukegan, or call (312)249-3770.

Roarin' 20's dance

The Spares of Sunday Evening Club is sponsoring a "Roarin' Twenties" dance at 7:30 p.m. on Saturday, June 17 at Morton Grove American Legion, 6140 Dempster St., Morton Grove. Music provided by Mario's Society Orchestra. Call (312)965-5730 for information.

Visit Lake County Museum

The Christian Singles will be visiting the Lake County Museum at 9:30 a.m. on Saturday, June 17. Meet at Calvary Temple, 450 Keller Ave., Waukegan for car pooling. Lunch at Mers will follow the visit. Advanced reservations are needed. Call (312)689-0770 or (312)872-3408 for reservations and information.

Billy's Singles Club

Join the fun at Billy's Singles Club every Sunday at 7:30 p.m. or every Thursday at 8:30 p.m. located at 124 S. Milwaukee, Wheeling. Complimentary hors d'oeuvres, dancing and disc jockey will be offered for the admission price of \$6. Complimentary wine for all ladies. For information call (312)262-2091.

MADD to meet

The next meeting of Mothers Against Drunk Driving (MADD) will be held at 7:30 p.m. on Wednesday, June 21 at the Vernon Hills Center, 6 Phillip Rd., Vernon Hills. This meeting is an election for chapter officers and good attendance is important for the future of the chapter.

Pajama dance

McHenry Bachelors 'N' Bachelorettes Square Dance Club invites all single dancers and couples to a Pajama Dance, Friday, June 16 at Johnsbury Jr. High School, 2117 W. Church St., Johnsbury. Pajama costumes or square dance attire may be worn. Round dancing begins at 8 p.m. with cues, Tim and Sue Lippold; square dancing from 8:30 to 11 p.m. to caller Chuck Jaworski. No partner necessary. For more information call (312)256-5427 or (815)477-4405.

Singles Club to meet

American Singles and SOLO Singles will sponsor a combined singles dance and social on Friday, June 16, at the Sea Princess Restaurant, 1290 S. Milwaukee Ave., Libertyville. Open to all singles, free buffet, and cash bar. Doors open at 8:30 p.m. Admission is \$5. Call (312)459-8004 for further information.

Town & Country Singles

Town & Country Singles will sponsor a dance with complimentary food buffet at 7 p.m. on Sunday, June 18 at Knickers Restaurant, 1050 E. Oakton in Des Plaines. This event is open to all singles age 30 and up. Membership and reservations are not required. Admission will be \$5. Cash bar available. For information call (312)459-9248.

GROW support group

GROW, a community mental health mutual-support group meets from 7 to 9 p.m. on Tuesdays, at the Federated Church of Wauconda, 200 S. Barrington Rd., (corner of Rte. 176 and Main) GROW is anonymous, non-denominational, preventative and rehabilitative, and free. For more information call (312)244-2085.

Cruise on Lake Michigan

All single young adults, ages 21 to 38, are welcome to come on a charity Yacht Cruise on Lake Michigan sponsored by the Catholic Alumni Club from 8 to 10 p.m. on Saturday, June 24 aboard the M/V Chicago II. Boarding will begin at 7:30 p.m. at Illinois St., and Streeter Dr., just south of Navy Pier in Chicago. The non-member fee is \$19. Proceeds from this event will go to the club's Community Service Committee which helps disadvantaged children and senior citizens. Advance reservations are required. For more information call (312)726-0735.

Obituaries

Dorothy J. Repholz

age 68 of Round Lake, Illinois passed away June 7 at Condell Memorial Hospital. She was born August 7, 1920 in Chicago, Illinois.

She is survived by her husband Walter, her son, Robert both of Round Lake, her daughter, Holly Rognstad of Antioch, one brother Robert Karlsen of Iowa and 2 sisters Mildred Morris and Leona Fiegen both of Jacksonville, Florida. Five grandchildren and three great grandchildren also survived.

The funeral was Saturday, June 10 at St. Joseph Catholic Church, Libertyville with Reverend Thomas P. Conde officiating. Arrangements were handled by A.K. BARNETT FUNERAL HOME, Vernon Hills. Burial was private. Memorials may be made to the Multiple Sclerosis Foundation.

John Allen Sershon

age 71 of Monticello, Iowa formerly of Antioch passed away June 10 at his home.

He was born in Kenosha Wisconsin on February 10, 1918. He was a retired maintenance worker for the Village of Winnetka.

He is survived by his wife, Kathleen, one daughter Kathleen Berhens of Monticello, two sons John Jr. of Northfield, IL and William of Seattle, Washington, one sister and four brothers, 13 grandchildren and 14 great grandchildren. He was preceded in death by his parents Paul and Ann Sershon, two grandsons, two brothers and one sister.

Funeral services were Tuesday at Sacred Heart Catholic Church in Monticello with burial at Oakwood Cemetery, Monticello. Funeral arrangements were handled by Goettsch Funeral Home, Monticello.

Deadline for placing obituaries is Tuesday at 5 p.m. There is a small publication charge. Obituaries placed by a private party must be prepaid. Call (312) 223-8161 for further information.

209-10 MORGAN By Landmark Designs

Long before human beings thought of building homes, family life centered around the hearth. So it is with the Morgan, the third in Landmark's small homes series.

People who enjoy the warmth and colorful flames of a wood fire will love the see-through fireplace, equally visible from the living room, dining room and kitchen. Ceramic tile, which wraps around the hearth, serves as spark-proof flooring while visually unifying the group living area. The same tile covers the entryway floor, and extends into the kitchen and sunny eating nook. Its moisture-proof qualities will come into play in these heavy traffic zones.

Built-in utilities are downstairs, close to kitchen, garage, master suite, and the stairs to the second floor bedrooms. A half-bath is also centrally located. The master suite has a large walk-in closet

and private bath.

The Morgan is a one-and-a-half story home. The dining room and living room have no second story over them, allowing extra high ceilings in these rooms. This feature, along with additional clerestory windows, creates a more spacious feel than dimensions seem to dictate.

Upstairs, both bedrooms have large walk-in closets. A sliding door between the bath/toilet area and the vanity gives both cubicles more privacy.

The double garage has storage or workbench space at the back.

For a study plan of the MORGAN, (209-10) \$5.00 to Landmark Designs, P.O. Box 2307, Eugene, OR 97402. (Be sure to specify plan name & number when ordering). Designers, Architects and readers with plans they would like to see featured also are invited to contact Landmark.

ROOM FOR RENT - furnished room with shared kitchen, living room & bath. Mature man preferred. Only \$200/month (312)546-3295.

THIS WEEK'S HOROSCOPE

BY SALOME
Weekly Tip: In the midst of commotion, good ideas can emerge.

Aries (Mar. 21 to Apr. 19) You may be feeling less at ease than during the last few weeks. Your low general energy is a strong force not to be tested. Be gentle and caring.

Taurus (Apr. 20 to May 20) Something that you felt was settled requires further review. Be patient when the wheels of fate need to be rerouted. Enjoy a small family outing.

Gemini (May 21 to June 21) Communications improve with Mercury entering your sign. High spirited energy and opportunity are available. Be optimistic at work.

Cancer (June 22 to Jul. 21) You could lose if you spend money on someone's wild scheme. You may be vulnerable to the whims of others. Avoid becoming the scapegoat.

Leo (Jul. 22 to Aug. 21) Try to arrange for time off. This is a favorable time to explore self-improvement possibilities and to make firm commitments to those you love and trust.

Virgo (Aug. 22 to Sept. 22) The work scene is favorable for implementing magnetic, new ideas that can make your desires come true. Personal likability is rising steadily.

Libra (Sept. 23 to Oct. 22) Although you are charged with restless energy, keep a low profile. Unexpected confusion complicates efforts about which you are highly concerned.

Scorpio (Oct. 23 to Nov. 21) Intuitive ideas come from an unknown source when you least expect them, and may not be connected to the subject at hand. Be extremely alert.

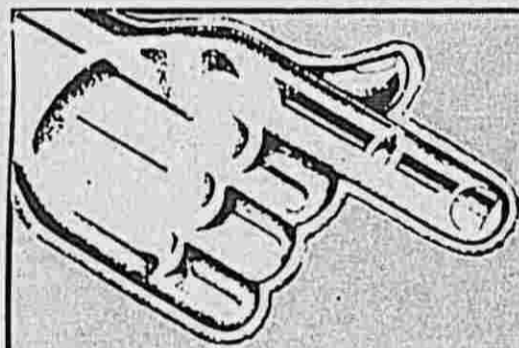

Sagittarius (Nov. 22 to Dec. 21) Beside being in a humorous mood, you may find yourself taking charge of more than your own business. Inventive social outings work well.

Capricorn (Dec. 22 to Jan. 20) Your spiritual life has become buried beneath tons of work. Some quiet time would help to renew your deep mystical and religious devotions.

Aquarius (Jan. 21 to Feb. 19) Your upbeat and provocative mood can be the spark that ignites others into action. Social invitations may be rejected. Others are watching you now.

Pisces (Feb. 20 to Mar. 20) Focus on problem solving and bringing forth intuitive ideas. Your clever and quick-witted mind works best with practical and workable ideas.

If You Were Born Today
You are a strong thinker, brilliant with the use of words and conversation, and employ a good social rapport. You can be fickle in love and have difficulty making commitments. Develop a knack for something you've always wanted to try, and turn a profit doing just that!

ON YOUR LOT — Garage Is Standard

Compare these standard features:

- 12" of R138 ceiling insulation
- Flat ceilings and interior walls are gypsum board
- Horizontal hardboard exterior siding, standard
- Rough sawn contemporary or rustic - optional
- Wood windows with storm and screen combination
- Gas forced air heat
- Insulated metal clad entrance door
- A complete home, paint, stained and carpeted

YOUR WAUSAU HOME IS A THERMAL CRAFTED™ HOME!
Computerized energy design technology from Owens Corning Fiberglas actually evaluates your home's energy efficiency to help provide lower heating and cooling costs. It also means greater protection against rising energy costs, higher resale value potential and greater personal comfort.

CAR CARE

Vinyl, rubber compose more of car's surface than ever, need protection from the elements

Perhaps you didn't realize just how much more vinyl, rubber and plastic is being used on today's automobiles than on those of yesteryear. Weatherstripping, plastic trim, rubber humpers, convertible tops and, of course, tires, engine hoses, dashboards, seats and door panels need protection from the effects of harsh ultraviolet rays, ozone, severe temperature changes and normal wear and tear.

More and more vinyl and rubber products are being sold as accessory items as well. Front end covers, added trim packages, special bumpers and window louvers are all made of materials that need to be protected from the deteriorating

action of weather and pollution.

"All vinyl and rubber surfaces need to be treated with a protectant all year round," said Dr. Jim Latty, Armor All Product's vice president of research and development. "And no time is more critical than the spring, when the sun's ultraviolet rays intensify and higher temperatures begin to crack and dull vinyl and rubber."

Armor All Protectant was the first vinyl and rubber protectant ever marketed. And, after 17 years, it is still the clear category leader, with nearly 90 percent of the market share. The product is formulated to prevent the elements from

cracking and fading vinyl and rubber, while restoring lustre to the surfaces.

Benefits of regular application

"A good protectant, like Armor All, includes ingredients that will extend the life of these surfaces with regular application," pointed out Dr. Latty.

"Vinyl, rubber, plastic, even leather surfaces, are semi-porous and thus the protectant actually penetrates well beneath the actual surface. This property allows for a shine and lustre that make these surfaces look like new, while fending off the detrimental elements of the environment."

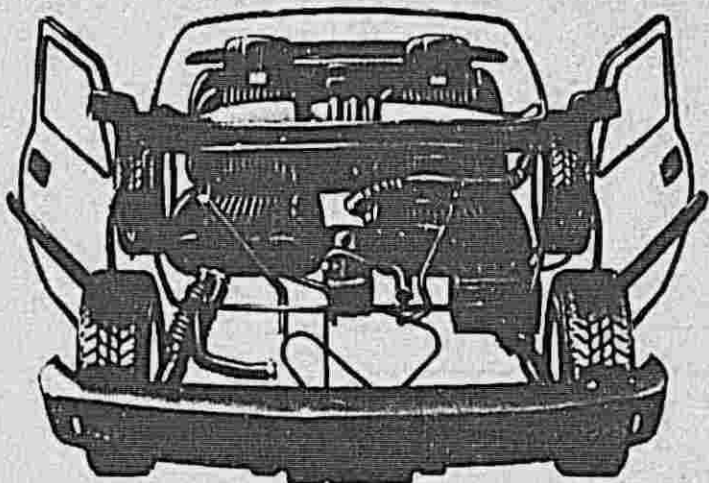

Because of Armor All's unique properties, consumers are applying the product to a variety of surfaces and coming up with some creative uses that have surprised even Armor All's marketers.

"We have always known that Armor All is a great product for preserving items like patio furniture, boat seats, sporting equipment, luggage, even wood paneling and furniture throughout the home," commented Lawrence Kahn, marketing director for Armor All Products Corporation. "But we are continually amazed by some of the letters telling us about new applications."

The creative approach

According to Kahn, Armor All has received letters from people who have found that Armor All makes their bowling balls glide better, spruces up vinyl siding on homes, makes ovens easier to clean, and even helps fly fishermen cast further.

And that's not even mentioning the 10-year-old boy at the Coryell County Fair who used Armor All Protectant to shine up his pig, which went on to become the Grand Champion of the show!

RUBBER CARS—More and more rubber, vinyl and plastic parts and surfaces are found on today's cars than ever before. Armor All Protectant has been formulated to prolong the life and lustre of all of these parts.

Summer's heat is hard on cars, too

A mid-summer check of certain car components is especially critical when record breaking heat hits, says Car Care Council.

Heat can deteriorate rubber parts, for example, sometimes causing cooling system and vacuum hoses to crack or split. Summer heat also is hard on other rubber parts, such as drive belts and windshield wiper blades. They should be inspected and replaced as needed.

Further, high speed driving over hot road surfaces, especially when the vehicle is heavily loaded, will place added stress on tires and will accelerate wear.

The Council recommends, in addition to a periodic check of inflation and tread depth, a close inspection of tires for bulges (an indication of tread or ply separation), sidewall cuts or other damage.

Also, contrary to popular opinion, the battery suffers more from heat than cold. Extreme under-hood temperatures, especially in smaller, aerodynamic cars with less space under the hood, accelerates deterioration of the battery. For this reason, some batteries are now built with special heat-resistant components for use in southern climates.

Driving in drought-stricken areas is also hard on the air filter. Its job is to remove dust from the air before it enters the engine. When the filter becomes choked up with dirt, the engine will be starved for air. Fuel economy and performance will suffer and exhaust emissions will increase.

The excessively rich mixture caused by such a malfunction can cause the catalytic converter in the exhaust system to overheat. Be careful when driving or parking on parched grass. This has been known to be a source of fires.

Finally, hot weather driving places a heavy burden on the engine's cooling system as well as engine oil and transmission fluid.

Before extensive summer driving, check these fluids and components, concludes the Council. Make it a daily check during a high-mileage vacation trip.

If you want to learn more, send for a copy of the pamphlet, "How to Find Your Way Under the Hood and Around the Car." Mail 25 cents and a self-addressed, stamped #10 envelope to: CAR CHECK, Car Care Council, One Grande Lake Drive, Port Clinton, OH 43452. SC895336

FOR CLEAN AIR

You know how hard it can be to breathe when you're suffering from a head cold and your nose is all stuffed up. The same goes for your car's engine when the oil, air and fuel filters are clogged with grit and dirt.

If your average trip is 10 miles or less, or if you do a lot of driving in temperature extremes, or a lot of stop and go driving, then you're classified as a severe service driver and these filters will need changing more frequently.

Car Care Council advises checking your owner's manual for recommendations on changing filters, so you and your car can breathe a lot more easily.

TRANSMISSION TROUBLE

Your car is acting funny and you think it may be transmission trouble. Have an experienced repair shop, preferably the one with which you normally deal, take it for a drive before you drive anywhere else for repairs.

In just a few minutes behind the wheel, a transmission specialist usually can determine whether the trouble is in the transmission, drive line or possibly the engine.

Not all transmission problems are major, says Car Care Council. A leak does not necessarily indicate the need for a tear-down. Burned fluid often indicates the need for nothing more than a change of fluid and filter.

Where to Worship

LINDENHURST

Liberty Community Church, an Evangelical Protestant Church meeting at B.J. Hooper School, 2400 Sand Lake Rd., has begun its summer schedule. Regular Bible Sharing classes will recess for the summer. A time of prayer is planned during June from 9:15 to 9:45 a.m., with the worship service at 10 a.m., ending with refreshments/fellowship for all. A nursery is provided for ages three and under.

FOX LAKE

This year's daily vacation Bible School will be held from 9 a.m. to noon June 19 through the 23 at the Fox Lake Baptist Church. Each day will include Bible stories, singing, crafts, games and a special skit put on by the Sonseeker Players. All children ages kindergarten through eighth are welcome. No registration is required. For more information, call (312) 587-7722 between 9-2.

ROUND LAKE

Vacation Bible School at Faith Baptist Church of Round Lake Beach will be June 19-23. This year's theme is "Treasures in Christ." It will be held nightly from 7 to 8:30 p.m. Monday through Friday.

For the third year now, church invites the public to attend this concert. For more information, call (312) 356-2090.

holding a series of meetings called Ten Outstanding Summer Sunday Nights. The church is three-and-a-half years old. Its offices are in Lake Villa and its services are held in their temporary home at the Antioch VFW Hall on North Ave., just east of Rte. 83. The series begins on June 18, with a 6 p.m. concert by the Jack Schrader Singers. The

Resurrection

CAR CARE

It's pressure cap season

Your car's cooling system is pressurized. Using the same principle as a pressure cooker (which raises water's boiling point above its normal 212°F.), an engine operates at temperatures of 250-275°F.

Cooling system pressure, generally 14-17 P.S.I., is controlled by the radiator pressure cap. When this component cannot maintain correct pressure, the boiling point decreases and the coolant begins to boil off. Hence, the engine overheats.

Described as the "safety valve" of the system, the pressure cap is one of the least expensive parts of a vehicle, says Car Care Council. But, with the loss of just one pound of pressure, amounting to a 3° drop in boiling point, the pressure cap plays an important role in protecting the engine.

Symptoms of failure can be insidious, often not surfacing until an inconvenient

time or place when overheating occurs.

In a recent service station inspection of 100 cars by Automotive Cooling System Institute, 16 were found to have defective pressure caps. The most common reasons for failure were the rubber seal and the pressure release valve. Either or both deteriorate with time, requiring replacement of the cap.

Most service dealers charge little or nothing for checking a customer's pressure cap. It takes but a few minutes and is a good preventive measure before the height of summer heat.

For more information on cooling system maintenance, write for the 16-page, illustrated booklet, "Understanding Your Car's Cooling System." Send 50 cents and a self-addressed, stamped envelope to: Automotive Cooling System Institute, 360 Sylvan Ave., Englewood Cliffs, NJ 07632-0638.

Sports Briefs

College notes

Kelly Jensen of Round Lake has been awarded a letter in softball from Upper Iowa University in Fayette, Iowa. Jensen received the award from head coach Deb McCarty.

Tom Durell, an Antioch Community High School product was on the Gustavus Adolphus College 4 x 100 relay team which finished in third place at the University of Wisconsin-Waseca Ram Invitational. The team finished in fourth place of 18.

Meanwhile at Dakota Wesleyan University, Chris Tavajian was awarded Lifter of the Year honors at the Mitchell, South Dakota school. Tavajian was named most valuable player for the football squad as well during the annual athletic award banquet. He is the son of Jack and Kathryn Tavajian of Grayslake.

Mark Siegwald of Lake Zurich received a letter from Northern Illinois University soccer Coach Willy Roy. It was the first letter for Siegwald. The Huskies finished with a 7-10-1 record. The season was highlighted by a 1988 Illinois Governor's Cup Championship.

Furlan's plans tournaments

Dug Out Park in Trevor, Wis. has set the June dates for softball and volleyball tournaments.

On June 17 and 18 there will be the women's June Jamboree 12 inch tournament. Entry fee is \$75. Trophies, championship t-shirts and traveling expense will be awarded to winning teams.

On June 24 and 25 is the Bud Light men's 12 inch tournament. This is a Class "E" tournament with a \$60 entry. The same weekend will be a co-ed volleyball tournament. Entry fee for this tourney is \$50. For more information, call tournament director Tom Furlan at (414) 962-9936 or (312) 395-5788. Dug Out Park is located on Hwy. 83 two miles north of the Illinois-Wisconsin state line.

MHS still proud despite heartbreaker

By STEVE PETERSON
Lakeland Newspapers

Mundelein girls softball Coach Jim deRivera told his team the same thing before and after Mundelein's quarterfinal game against Belleville East.

"You have a lot to be proud of," deRivera told his team as they prepared to take the field at Mineral Springs Park in Pekin.

Not 90 minutes later, deRivera was saying the same thing as the Mustangs consoled each other under the shade of a pavilion located down the left-field line.

Mundelein, the smallest school in the Elite Eight, had indeed done themselves proud in a 1-0 loss.

"We did the best we could," Susan Musselwhite, who will begin a new

career when basketball season starts at Southeast Missouri State University next fall, said.

"We kept battling all the way through," deRivera, who huddled briefly with MHS Athletic Dir. John Graham and Assistant Coach Perry Wilhelm a half-block away from the awaiting press, said.

The early innings were dominated by the pitchers. Mundelein's first chance came in the fourth inning when Ashley Struggles started with a single. She was later ruled to have started too soon leaving the bag, though.

Tammi Obermeier, batting third in the order, reached on an infield hit and was sacrificed to second base. Marlo Pecoraro then got the lone RBI of the day, ripping a double to center. Belleville continued to threaten, as Musselwhite walked the next batter. But Pecoraro was thrown out at home plate and a groundout ended the inning.

Belleville East pitcher Mikki McPherson allowed the Mustangs just three hits, struck out six and did not allow a walk.

Although the season ended moments later with a 27-6 record, Mundelein fans and players were thinking rally in the seventh inning.

Trailing 1-0, Ashley Struggles singled and went to second on a wild pitch. Michelle Strachn then executed an infield hit.

"We had our hopes up real high," Mundelein's Deana Deal said.

deRivera had a number of options at his disposal. He pondered about having Musselwhite bunt for a sacrifice or call for a double steal.

"I thought about bunting but I decided to go with our power. All year long we let Susan swing away. We went with what got us here," deRivera said.

Indeed - fresh in Mundelein's mind was Musselwhite's RBI single in the tournament's other 1-0 decision - a 1-0 win over Warren.

deRivera said Belleville East's defense took away the steal option.

McPherson bore down, though, getting Musselwhite on a rare strikeout.

She then did the same to Holly Smith.

When first baseman Kowalke popped out to catcher Jenny Hopkins, the season was over.

Wishing Mustangs luck

Mundelein girls softball Coach Jim deRivera wishes his forces good luck before quarterfinal game against Belleville East. Mundelein lost heartbreaker to Lancers, 1-0. Belleville East eventually claimed Class AA title at Memorial Springs Park in Pekin. From left: Cindy Shark, Katie Magoon, Michelle Strachn, Lynette Kowalke and Deana Deal. - Photo by Steve Peterson.

Maiden trip to Pekin leaves many memories

By STEVE PETERSON
Lakeland Newspapers

Prior to the start of the Class AA girls state softball finals, the Thornwood squad had already won a title no other team could claim.

Back in April, when the snow was flying, the team traveled to Mundelein to face the Mustangs in an early-season doubleheader. Playing under the lights at Mundelein Community Park, with most fans watching from their cars, Thornwood shutout Mundelein 6-0 and then won the second game 7-4. The wins gave the Thunderbirds the title of being the only team to sweep a doubleheader from MHS.

"I think the tough early schedule helped her," Thornwood Coach Gary Lagesse said of sophomore pitcher Tina Zuccolo.

Zuccolo had just racked up an even dozen strikeouts as Thornwood ousted Rockton Hononegah 5-2 in a quarterfinal round game at Mineral Springs Park in Pekin.

With that effort, Zuccolo turned in the best pitching performance of the quarterfinal round and tied the state record for strikeouts in a game set by Dee Dee Fay of Limestone in 1985.

"Tina has become less of a thrower and more of a pitcher," Lagesse said.

Was Zuccolo nervous about being an

underclassman in a state tourney?

"That was the worst it's been," she said of the nerves factor.

Thornwood, 37-4, scored four runs in the fourth inning for a 4-0 lead and added another in the sixth frame.

The hitting attack was paced by two hits from Nici Amsden and Michelle Venturella. The Thunderbirds were unstoppable once they got on base as they tallied six stolen bases.

"I was impressed with the way we hit the ball," Lagesse said.

Rockton rallied in the seventh inning, scoring two runs after two were out.

But then the players gathered at the mound. "We decided to toughen up and get the last out," Zuccolo said.

Some thoughts to close out an eventful first 200 mile trip to Pekin:

-Just before the team departed from Mundelein, members of the state champion boys gymnastics team presented Mundelein girls softball team players with good luck tale that the gymnasts used.

-When arriving at Mineral Springs Park, one of the first things one notices is this is not just another softball field. The youngsters playing on the swing just beyond the right-field fence, the family having a picnic nearby, those enjoying a dip in the pool or a paddleboat ride did not

seem to care much about the life-and-death softball struggles.

-In the sign-em-up department, Mundelein fans made at least three good catches of foul balls during the heart-breaking 1-0 loss to Belleville East.

-The first quarterfinal round session was not a good one for Chicago area teams. After Mundelein lost, Maine South, a team with 31 wins, fell 7-1 to Washington.

-What's in a name department: Thornwood had three players with the first name of Michelle play against Rockton Hononegah. Rucker, a senior, was a rightfielder; Venturella, who had three RBIs in a 5-2 win, was the first baseman and Zeigler got into the scorebook as a pinch runner.

-Not that Lagesse was not intense about his team's chances of advancing Thursday, but he had something else on his mind. His wife back in South Holland was expected to be in labor. "She's been very supportive," he said.

-Some 146 people attended the Mundelein-Belleville East game.

-Bogan's 6-0 loss to Naperville Central in the final quarterfinal game continued the Chicago Public League's tough times at Pekin. The league's winner has yet to win a game in the Class AA

format.

-DePaul women's softball Coach Phil Cahill was one of many collegiate coaches in the stands watching the quarterfinal games. He reports Carmel graduate Tracy Godwin contributed much to the Blue Demons cause this year, playing both infield and outfield.

"I have confidence in her in all three outfield positions," Cahill said.

DePaul was 41-23 last year. The Blue Demons compete in the North Star Conference with the likes of Akron and Northern Illinois.

-Speaking of NIU, conference types are still shaking their heads over how the Huskies were left out of the tournament. Rated as high as No. 16, NIU was 8-2 against NCAA tournament teams but the tournament bid committee said no. Antioch product Julie Sexton, who also played basketball for NIU this winter, contributed to the Huskies efforts this spring.

-The season may be over, but I think the directions to Pekin should be filed away. Let's see: Take I-294 south to I-55 south; stay on I-55 south to I-74 west near Normal; take I-74 west to Rte. 29 south; go south on Rte. 29 until Rte. 9 in Pekin, east on Rte. 9. After all, you never know.

NWSC picks Anderson as Most Valuable Player

Eric Anderson of Lake Zurich helped the Bears not only win the Northwest Suburban Conference baseball championship, but pull off two upsets in the demanding Schaumburg regional as well.

NWSC coaches recognized the senior's achievements as they named him the most valuable player when the all-NWSC team was announced.

"The key to his success was he mixed up his pitches. He did not have an overpowering fastball but he had a high fastball that started at the belt and rose to the shoulder. Batters could not stop swinging," Lake Zurich Coach Kent Stocking said.

Anderson finished with a 9-2 overall record, including two regional wins over Elk Grove and Hoffman Estates. Anderson fired two three-

hitters in those wins.

"Nobody expected us to get close to Hoffman Estates," Stocking said.

Anderson struck out nine Hoffman Estates batters and walked two in the quarterfinal round win. He helped his own cause with a fourth-inning RBI.

Anderson finished with a 1.51 earned run average in all games, 1.78 for the NWSC season. He had 72 strikeouts and 22 walks for the Bears.

Lake Zurich finished 12-2 in the NWSC, two games ahead of Grant, 10-4.

Also making the all-NWSC team from Lake Zurich are seniors Scott Krzeminski, Matt Carroll and Eric Scott. All were unanimous selections made by NWSC coaches.

A National Honor Society member, Krzeminski is planning to attend Valpraiso

University.

Chad Cooper, a senior, made the team but was not a unanimous choice.

Carroll was the champs leading hitter for average, batting at a .390 clip with a home run and 15 RBIs.

Scott, a first baseman, hit .350, had three home runs and 13 RBIs.

"His assets were his defense. He was a real solid centerfielder," Stocking said of Anderson.

Brian Martorano was named to the honorable mention team.

Grant's picks were led by unanimous pick Mark Misick, a senior shortstop. Pitcher Jeff Pett and catcher Steve Maiworm were also chosen.

Wauconda, which finished third at 9-5 in NWSC games, had three unanimous picks and one player selected to the team.

Ken Klesch, a senior catcher, Dan Richards, a shortstop-pitcher and Gene

Walters, an outfielder-catcher, also made the team. Shortstop Jim Neuman

was Grayslake's representative on the unanimous pick list.

Ditka comes to Glen Flora

Chicago Bears Coach Mike Ditka will appear as the featured speaker on July 10 at the Coral Classic at Glen Flora Country Club in Waukegan.

Ditka is appearing on behalf of the Coral Foundation and Mental Health of Lake County. Ditka's appearance will cap

a day of golf, dinner and auctions being held to benefit Mental Health of Lake County's new mental health facilities currently under construction.

The event is limited to the first 144 golfers who apply as well as a select number of dinner guests. Corporate and individual donors are

also being sought to sponsor tees and holes. Each donor will receive recognition throughout the event for their participation.

For further information, please contact the Coral Foundation at (312) 336-8100 or (312) 336-5154 and ask for Robert G. Sabonjian.

Navy League sets outing

The Lake County Council of the Navy League of the United States is preparing for a golf outing Wednesday, June 28 at Brac Loch Golf Course.

Tee-off times will be from 8 - 11 a.m. For tee and cart reservations, interested golfers should call the pro shop at (312) 223-5542.

Golf and dinner will be

\$40, dinner only \$25 and golf only \$20. The dinner will be at the Port-O-Call restaurant in North Chicago at 7 p.m.

Coffee and rolls will be served courtesy Lake County Republican organization led by Robert Neal.

WHAT CONDITION IS YOUR SPINE IN?

The condition of your spine has a direct relationship to your health. The spinal cord is the lifeline of the body. If you are having the sensations of numbness in the hands or feet, electric shock sensations, hot spots, cold spots, constant stinging or even burning, chances are your spine is not in the condition it should be in. These are signs of severe chronic nerve irritation and should be cared for before more serious irreversible communications occur.

Pinched nerves can be the cause of:

1. Headaches
2. Neck Pain
3. Shoulder Pain or Knee Pain
4. Difficulty Breathing
5. Lower Back Pain, Hip Pain, and Pain Down the Legs.

Skiing mishap, foes can't slow down Cooney

By STEVE PETERSON
Lakeland Newspapers

Jim Cooney could have thought of better ways to begin a new year.

Skiing at Wilmot Mountain, Cooney injured a leg. His athletic career was put on hold the second semester of his sophomore year as a cast and rehabilitation were the order of the day.

But the Carmel High School student was not going to let a skiing accident slow him down.

He returned to finish the 1988 summer baseball season for Carmel, gaining important experience before this spring's success.

"Jim has been a pitcher since little league," Cooney's mother Mary recalled.

Cooney got an early start in his baseball career. His older brother Pat remembered the young Jim would be watching himself and his friends as they threw a baseball against their Grayslake house.

"I always liked pitching. It's challenging," Cooney said.

Cooney, who has had his fastball clocked at 84 MPH, won all seven decisions he figured in this spring, a

stellar one for the Corsairs. The team won 26 straight games, and finished 30-2 before being eliminated by Libertyville in the Waukegan West regional championship.

Jim Cooney

Before long, scouts with radar guns joined the reporters with notebooks as regular fixtures at Carmel games.

"We all joked around about it," Cooney said.

Cooney, proudly sporting an East Suburban Conference Champion t-shirt, said he prefers starting to relieving, although he has done both.

"This is a year to remember," Cooney said confidently.

Cooney had a 0.00 earned run average in ESCC games

and was no slouch at the bat, either, hitting at a .393 clip.

The relationship between pitcher and catcher is a key one and Cooney praised the work done by Carmel's Rob Garofolo.

"Rob is a good catcher. I feel comfortable throwing to him," Cooney said.

The success experienced by CHS this spring was not the first taste of winning for Cooney.

When Cooney was in eighth grade at St. Gilbert School in Grayslake, his Grayslake Colt League team captured the league title.

Although disappointed by a loss to Libertyville, Cooney is not the type to feel sorry for himself. There's still football and basketball season to prepare for.

Coopers capture top honors at Long Lake

A father-son team from Lincolnshire put together first, second and third to capture the Midwest Invitation Regatta at Long Lake.

Tom Cooper and his son, Brian, representing the Long Lake Yacht Club, lapped the fleet to set a fast pace in the opening race Saturday, June 10.

The Coopers were always among the leaders in back-to-back races Sunday, June 11, to edge Jim Berman of Beulah, Wis.,

the second place finisher in competition for C scows.

Other trophy place finishers were: Lloyd Neumann, LLYC, third; Kurt Froebel of North Lake, Wis., fourth and Martin Barr, Beulah, fifth.

Sailors from six different lakes competed in the MIR, the season's first major scow event in the stateline area. MIR has been sailed on Illinois and Wisconsin lakes since 1963.

Pomeroy offering clinic

Motocross riders will be able to learn tips from a professional when professional rider Jim Pomeroy holds a clinic at the at Maplehurst course in Spring Grove June 24 and 25.

The clinic, with semi-private lessons, will also be held July 7 and 8.

Located at 11006 Wilmot Rd., Maplehurst's Slo-Pokes Motorcycle Club is a family oriented one, according to manager Lynette Banasack. There are presently about 32 club members.

"It used to be higher in the 1970s but

now it's more family oriented," Banasack said.

A motocross race sponsored by the club will be held June 18. Races begin at 10 a.m. with a father-son race included.

The club was originally located in Wisconsin before moving to Spring Grove some 20 years ago. Paramedics from the Kenosha County Scout Leaders Rescue Squad are always on hand.

Race day begins at 7 a.m. with sign-up and an 8 a.m. practice run. Late sign-ups are held from 9:30 - 10 a.m.

How To Put Your Electric Bill On A Budget.

Ever notice how some months you use more electricity than others? Well, we noticed, too. And we also noticed how sometimes those occasional higher bills can catch you by surprise. That's why we offer you the convenience of Budget Billing. What Budget Billing does is let you pay a set amount each month, based on your previous year's usage. What it

means is no more surprises. For you, or your budget. Any differences are settled up at the end of the year. To sign up for Budget Billing, simply call the number on the back of your bill. And say you want to put your electric bill on a budget.

STAR Hospice program planning golf benefit

The eighth annual STAR Hospice Golf Benefit sponsored by Saint Therese Medical Center is scheduled for July 12 at Midlane Country Club in Wadsworth.

"I have a very positive feeling about this year's benefit," said Richard Kennedy, committee chairman. "As is tradition, we plan to provide a good time for all of the participants and meet our financial goal of raising \$60,000 for the STAR Hospice."

The STAR Hospice Program at Saint Therese Medical Center in Waukegan is a special unit for the care and treatment of terminally ill patients. STAR Hospice also assists families in dealing with grief through bereavement counseling.

Those who cannot participate in the golf benefit, but wish to make a donation to the STAR Hospice Program, may consider sponsoring a tee or green. All such contributions are acknowledged by sponsor-donor signs placed on the course during the event.

Those people interested in taking part in this year's Golf Benefit are urged to submit reservations as soon as possible. The package for the benefit includes

golf, cart, all green fees, breakfast for the early risers, lunch, dinner and gratuities for \$170 per person. Tickets are available for dinner only.

Reservations are required. For more information, call the Fund Development Dept. at Saint Therese Medical Center at (312) 360-2041.

Traffic deaths decrease

The Illinois State Police Elgin has announced the latest provisional figures which indicate that during the month of May, 110 persons died from injuries sustained from traffic accidents on Illinois streets and highways.

State Police, Dist. Two, which covers Lake, McHenry, DeKalb, Kane and DuPage Counties,

reports 94 persons have been killed in these counties since Jan. 1. Seventy-eight persons were also killed during the same period in 1988 in these counties.

There have been 587 persons killed in the entire stat in 1989. There were 615 persons killed in the same time period of 1988, showing a decrease of twenty-eight.

Q. My 14-year-old daughter wants to be an optometrist. What are the educational requirements?

A. To become an optometrist, it is a good idea to get an undergraduate degree emphasizing sciences like biology, chemistry, mathematics and physics.

Although some schools and colleges of optometry accept students with two or three years of college, those with degrees usually have the inside track.

Schools and colleges of optometry offer four-year programs of classroom and clinical training leading to the doctor of optometry (O.D.) degree. Graduates take oral, written and practical examinations to obtain licenses in the state or states in which they want to practice.

Optometrists spend their day examining eyes; prescribing glasses, contact lenses, special optical aids or vision therapy; and advising patients about their eye care, eye health and eyewear needs. There are also many specialty areas within optometry.

Cox wins Wilmot Speedway race

For the second straight week, Illinois drivers, many from Lake and McHenry counties, dominated feature events at Toft Auto Racing's Wilmot Speedway.

Tim Cox of Park City captured his third consecutive 20-lap modified main. Jay Maywald of McHenry won his second 20-lap late model feature of the year. Larry Surlata of Round Lake became the fifth different winner in the 15-lap spectator stock main.

Pete Ostrowski led for the first two circuits of the tightly contested battle in the open-wheeled modifieds. Gary Dye worked in front on lap three, but during a caution period on lap nine for a spun car, Dye pitted with a tire going flat. Ostrowski inherited a short-lived lead as Mike Frost of Zion shot low in turn four and took the top spot. Cox worked his way into the runnerup position, chasing Frost. Cox took the lead on lap 18.

"Each one is getting harder, Cox said of his win in the Mid-Town Garage-Transmotive modified. "I knew the only spot I could get Mike was low coming out of turn four, I went down there, found the bite and it worked," Cox said.

Terry Yoder led the first four laps with Ed Devall taking the top spot on lap

five of the late model main. The caution flew on lap six when Yoder spun. Maywald was up to the test after cautions on laps 10 and 12. Mickey Wilson of Cary was second, Skip Martin of Island Lake third, Skip

Martin of Island Lake finished in fourth place.

Surlata of Round Lake was one of two Round Lake area drivers who were in the top five of the 15-lap spectator stocks feature. Dave Gall of Antioch was

in second place, Rob Olson of Waukegan was in third place and Scott Kuxhouse of Round Lake Park finished fourth. Gerry Bennecke of Lake Villa completed the all-Lake County finish in the event.

Hess slates workshop

Lake County Clerk Linda Hess has announced that a workshop will be held to inform candidates, political committees and interested citizens about filing obligations under the Illinois Campaign Financing Act. The workshop will be held on Saturday June 17, at 10 a.m. in the Auditorium of the State of Illinois Center, 100 W. Randolph St. in Chicago.

The State Board of Elections will conduct the

workshop.

For further information call the Lake County

Clerk's office at (312) 360-7314 or the State Board of Elections at (217)782-4141.

A-HELP needs help

A-HELP is sponsored by the Auxiliary of Good Shepard Hospital and is the Auxiliary Hospital Equipment Lending Program. Sick room equipment is available for home use on a short-term, temporary basis for a period of three months. For anyone needing equipment longer than three months, A-HELP has

a listing of sources that sell equipment, or lend it on a long-term basis. A-HELP is staffed by volunteers that make appointments, and are on call on week every two or three months. Volunteers are needed, men or women. If you are interested or for more information call Chairman Ruth Merriman (312) 526-8992.

Rep. Churchill's bill protects paramedics

A bill has been passed in the Illinois House that will help protect the lives of paramedics who unknowingly may have come in contact with a person who has AIDS.

The bills, (HB 961) sponsored by Rep. Robert Churchill (R-Lake Villa), the House minority whip, states that paramedics whose skin comes in contact with the blood of a person they are treating at an emergency, may ask a hospital to perform an AIDS test on the patient and to notify them if the patient is positive.

In addition, the bill states that if the patient tests positive, then the hospital should initiate appropriate counseling. In the past, the

test and the results could not be provided for the paramedic unless written permission was granted by the patient.

Under Illinois law, only firefighters, health care providers, employees of health care facilities and certain classifications of emergency medical technicians are allowed to request such tests and to have the results disclosed to them.

Churchill said the paramedics who have trained and studied long hours and daily put their skill on the line under difficult circumstances every time they respond to an emergency, deserve the same consideration as the others now covered by state law.

Dr. Gary L. Rippberger

WHEN FEET SAY 'ARTHRITIS'

Arthritis is the most widespread crippling disease in the U.S. It affects about 40 million people—not just the elderly, but young adults and children, too.

Often it is the podiatrist who is the first to see the early symptoms in patients complaining of joint pain, stiffness, swelling or muscle soreness. There are many forms of arthritis. The most common type, osteoarthritis, is not as disabling as rheumatoid arthritis.

Early detection can help control pain and reduce crippling effects. When the feet are affected by arthritis, the podiatrist plays a key role in the health-care team approach to managing the disorder. Treatment of arthritis in the foot may include medication, physical therapy, the use of orthotic inserts in shoes, and surgery.

Pain in the joints of the foot should not be ignored.

Forest Preserve receives grant

Lake County Forest Preserve Vice President John Balen, right, accepts check for \$200,000 from Forest Preserve Landscape Architect Randy Seebach, whose designs for park shelters and scenic projects won the award. Funds were provided by the Illinois Dept. of Conservation as matching funds. Most of the new projects are planned for Grant Forest Preserve and Greenbelt Preserve.

Youth Service Network to honor students

Ninety youth in Lake County have been nominated to be recognized by Youth Service Network (YSN) in its fifth annual Teen Recognition Project. Students ages 13 to 19 were

nominated on the basis of exceptional service to their community, school or family.

Twenty of the youth will be chosen as finalists to receive a \$100 U.S. savings bond and a special greeting from Lt. Gov. George Ryan.

Nominated from the Lakeland area are:

Michael Ingram, II, Wauconda; Dina Spene, Craig Primack, Tom McGinley, Angela Perna and Carrie Nabor of Round Lake Beach; Kelly Smith and Jodi Hoeksel of Lake Villa; Chwanda Gates, Jeanine

Scott, Kim Davis and Anna Pabellon of North Chicago; Anna Filas and Ryan Simula of Wildwood; Bryan Gutraj, Grayslake; Michelle Zinkowich of Lindenhurst; Jennifer Johnson and Annette Hartlaub of Gurnee; Susie Lingenfelter, Park City; Eric Dick, Megan Miles and Sabrina Siciliano of Barrington; Horace Seely-Brown, Allison Kaden and Dana Nusbaum of Riverwoods; Cheryl Kokaska of Hawthorne Woods; Tina Derrig, Fox Lake; Anthony Baron, Prairie View; Julie Bartell, Kildeer; Brian Yrigovern and Tracy Filpold of Lake Zurich; Holly Smith and Matthew Goze of Mundelein; and Nicole Larson, Rob Palmer and Daniel Bruggeman of Antioch.

Marriage Licenses

Christopher J. Burns, Gurnee and Gretchen C. Timmerman, Lake Villa.

Carrera Rodolfo and Sandra Noriega, Round Lake Beach.

May Bruce L. Wildwood and April D. Eggleston, Ingleside.

Perasso Giovanni and Maryann McGrath, Barrington.

Reyes Neftali R. and Lisa K. Cali, Mundelein.

Valenzuela-Martinez, Benjamin and Annette Salinas, Mundelein.

Michael W. Biastock, Ingleside and Patricia A. Church, Round Lake Beach.

William D. Lutter and Mary E. Fischer, Mundelein.

Richard William Bruce, Libertyville and Constance R. Cosciani Park Ridge.

Nicolas Padilla and Guadalupe Fuentes, Round Lake Beach.

LEGAL NOTICE STATE OF ILLINOIS DEPARTMENT OF AGRICULTURE

Notice is hereby given that the grain dealer license of Backhaus and Backhaus Farm, Inc., 5209 Abby Dr., McHenry, IL 60050 has been voluntarily surrendered. This company has given formal notice to the Illinois Dept. of Agriculture of its election to voluntarily cease purchasing grain from producers. Under the requirements of this voluntary election, grain cannot be received, picked up, or contracted for purchase after May 29, 1989.

Payment can be made in the usual manner on any grain delivered prior to May 29, 1989. If payment for such grain is not made upon demand, please notify the Illinois Dept. of Agriculture, Bureau of Warehouses, State Fairgrounds, P. O. Box 19281, Springfield, Illinois 62794-9281 on or before July 21, 1989.

Surroz criticizes publishing firm

Edward Surroz criticized a North Shore publishing company for attempting to "create controversy where no controversy exists" in announced plans for creation of a centrally located cultural arts center.

Surroz is president of the Grayslake Development Corp., working with the Lake County Arts Council, that has called for permission from the Lake County Forest Preserve Dist. to build with private

funds an arts center on 58 acres owned by the county near the College of Lake County and the county fairgrounds.

Surroz scored the publishing company for calling for the county to work with Waukegan's Genesee Theater in establishing a cultural center.

"This isn't a Waukegan vs. the county issue. We're all for the Genesee Theater, but it's a theater. We're

talking about an arts center that's available to everyone, centrally located," asserted Surroz.

GDC and the Arts Council presented a proposal for a 10,000 square foot building to the golf committee of the forest preserve district. The committee, which already was considering the site for expansion of Brae Loch Golf Course, has taken the arts center plan under consideration.

Carmel names squad

The varsity cheerleaders at Carmel High School have been selected for the 1989-90 school year. Two seniors, two juniors and six sophomores will make up the squad.

The seniors are Sandi Schanaberger of Wheeling as captain and Tara Griffin of Mundelein as co-captain.

The junior members are Amy Brel of Mundelein and Suzi Maginot of Antioch.

Brenda Belski and Kim Davis of North Chicago, Erin Griffin of Mundelein, Diane Hebero of North

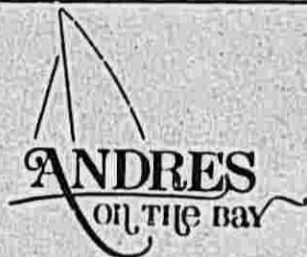

Chicago, Laurie Kleine of Hawthorne Woods, and Michelle Miller of Libertyville, are the sophomore members.

LZ Board votes on sewer issue

The Lake Zurich Village Board of Trustees passed a revised resolution to negotiate with the Lake County Board on using the county's sewer system.

John Riedl of the County Board said his board unanimously passed an agreement in a previous meeting.

"The county stands 100 percent behind Lake Zurich in their efforts to solve their [sewer] problem."

Kenneth J. Tomchik, MD
Internal Medicine
Announces the opening of his office in Island Lake Plaza, Route 176 and Roberts Road

"Thank you to my wonderful patients and friends in the Wauconda area. I look forward to continuing our relationship and serving you in my new location, just three miles east of my former office. While I am relocating, and for future reference, please contact me at 312/526-4212.

During construction, appointments are still available at a temporary location. Simply contact me at my new phone number. The office will provide a setting for state-of-the-art care, and will open in early July."
